DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labelling. Read all Directions for Use carefully before applying.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal

PESTICIDE STORAGE: Store in original container out of reach of children and pets. Do not store above 120°F.

If empty: Do not reuse this container. Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

GENERAL INFORMATION

WEEDEX DANDELION STICK® is a ready-to-use weed killer, which controls many broad-leaf weeds in lawns and other areas such as dandelions, plantains, clover, henbit, oxalis, spurge, wild violet and ground ivy.

DIRECTIONS FOR USE:

- For best performance, WEEDEX DANDELION STICK® should be at least 70°F before use.
- Unscrew plastic protective cap (arrow at bottom of cap indicating direction). Apply WEEDEX DANDELION STICK® (herbicidal wax) directly to stems and leaves of weed with a twisting and/or turning action. For patches of small-leaved weeds such as oxalis, clover and ground ivy, contact/wipe all leaves with a sweeping action.
- ***Note*** Use light pressure. It is not necessary to leave a visible wax coating on weed leaves for the product to perform.
- After use, replace (screw on) protective cap.

When To Use: WEEDEX DANDELION STICK® may be used anytime when weeds are actively growing, preferably a day or two after mowing (cutting grass) when temperatures are above 70°F.

What To Look For After Treatment: Twisted weed growth and discoloration should start to appear in about 7 to 10 days. Weeds such as ground ivy may take 4 to 6 weeks to die.

Use Precautions: Do not apply WEEDEX DANDELION STICK® to flowers, shrubs, or other desirable plants. Grasses should not be injured when the WEEDEX DANDELION STICK® is used as directed.

LIMITED WARRANTY AND DISCLAIMER

The manufacturer warrants that this product conforms to the chemical description on the label; that this product is reasonably fit for the purposes set forth in the directions for use when it is used in accordance with such directions; and that the directions, warnings, and other statements on this label are based upon responsible expert's evaluation of reasonable test of effectiveness, of toxicity to laboratory animals and to plants. Tests have not been made on all varieties or in all states or under all conditions. The manufacturer neither makes nor intends, nor does it authorize any agent or representative to make any other warranties expressed or implied, and it expressly excludes and disclaims all implied warranties or merchantability or fitness for a particular purpose. This warranty does not extend to, and the buyer shall be solely responsible for, any and all loss or damage which results from the use of this product in any manner which is inconsistent with the label directions, warnings or cautions.

Buyer's exclusive remedy and manufacturer's or sellers exclusive liability for any and all claims, losses, damages, or injuries resulting from the use or handling of this product whether or not based in contract, negligence, strict liability in tort or otherwise shall be limited, at the manufacturer's option to replacement of, or the repayment of the purchase price for, the quantity of product with respect to which damages are claimed. In no event shall manufacturer or seller be liable for special, indirect or consequential damages resulting from the use or handling of this product.

NOTICE TO BUYER

Purchase of this material does not confer any rights under patents governing this product or the use thereof in countries outside the United States of America.
