NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:

1. Submit/cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Make the labeling changes listed below before you release the product for shipment:
 - a. Add the phrase "EPA Registration No. 58630-1."
 - b. Revise your "Storage and Disposal" statements as follows:

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

Storage: Store only in original container, in a dry, well-ventilated place inaccessible to children and pets.

ATTACHMENT IS APPLICABLE

SIGNATURE OF APPROVING OFFICIAL	DATE
---------------------------------	------

Disposal: Do not reuse empty container. Rinse thoroughly. Securely wrap in newspaper and discard in trash.

c. Delete "DIRECTIONS FOR USE" and "Apply this . . . on label" on left panel.

3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Harmful if swallowed, Avoid breathing vapors. Avoid contamination of food and feed. Avoid prolonged skin contact.

ENVIRONMENTAL HAZARDS

Do not apply directly to water or wetlands.

DIRECTIONS FOR USE

Apply this product only as directed on label.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

Storage: Store in a cool, dry, well-ventilated place. Keep out of reach of children.

Disposal: Do not reuse container. Rinse thoroughly before discarding into trash.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

USE RESTRICTIONS: FOR OUTDOOR USE ONLY. APPLY ONLY AS DIRECTED ON LABEL. To repel rattlesnakes (Genus Crotalus) and checkered garter snakes (Thamnophis marcianus) from areas around houses, cabins, trailers, garages, utility houses, barns, woodpiles, sand piles, trash cans, and flower beds. May also be used around the periphery of gardens. Do not use this product at sites where snakes are believed to be already present as the deterrent effects of the product might tend to confine snakes to the treated areas.

Do not apply this product in gardens or in fields of crops grown for food or feed. Do not use this product near streams, ponds, pools, or water supplies.

Tests of this product have suggested that it can be an effective deterrent for the types of snakes listed above. While the product might deter other types of snakes as well, it is not expected to consistently repel snakes of the following types: corn snakes and other rat snakes (Genus Elaphe); and "moccasin" snakes such as cottonmouths and copperheads (Genus Agkistrodon).

APPLICATION DIRECTIONS: Using gloves, apply SNAKE-A-WAY in bands surrounding the area to be protected. Use bands 4 to 5 inches wide to repel checkered garter snakes. For rattlesnakes, use bands 8 to 12 inches wide. In yards, lightly sprinkle SNAKE-A-WAY over the area within the treatment band.

When the odor of SNAKE-A-WAY becomes faint, its effectiveness may be diminished. If this occurs during a season when snakes are active, retreat with enough of the product to restore the original odor intensity. Retreatment may also be necessary after heavy rains.

Notice: Buyer assumes all risk of use, storage, and handling of this material not in strict accordance with label directions.
