

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY WASHINGTON, D.C. 20460

OCT 2 3 2009

OFFICE OF PREVENTION, PESTICIDES AND TOXIC SUBSTANCES

Mr. Mark Mongiovi Woodstream Corporation 69 N. Locust Street Lititz, PA 17543-0327

Subject: Updating of the Storage and Disposal Statements

Dear Mr. Mongiovi:

The Agency is in receipt of your Application(s) for Pesticide Notification under Pesticide Registration Notice (PRN) 2007-4 dated August 20, 2009 for:

EPA Registration 58630-1

Dr. T's Snake-A-Way Snake Repelling Granules

The Registration Division (RD) has conducted a review of this request for applicability under PRN 2007-4 and finds that the label change(s) requested falls within the scope of PRN-2007-4. The label has been date-stamped "Notification" and will be placed in our records.

If you have any questions, call me at 703 305-5409 or electronically at daniel.dani@epa.gov.

Sincerely,

Dani Daniel Registration Division (7505P) Insecticide/Rodenticide Branch

ATTACHMENT TO NOTIFICATION DATED 8-20-09

EPA Reg No.: 58630-1

Notification of Label Action Per PR-Notice 2007-4:

Storage & Disposal Statements

MASTER LABEL - BACK PANEL (Page 2 of 3)

STORAGE & DISPOSAL: [Homeowner Sizes]

PESTICIDE STORAGE: Store only in original container, in a cool, dry, and well-ventilated location inaccessible to children, and pets.

PESTICIDE DISPOSAL AND CONTAINER HANDLING: Non-refillable container. Do not reuse or refill this container. If Empty: Do not reuse this container. Place in trash or offer for recycling if available. If Partly Filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

STORAGE & DISPOSAL: [Non-Homeowner Sizes]

Do not contaminate water, food or feed by storage or disposal.

STORAGE: Store in original container in a cool, dry, and well-ventilated location inaccessible to children, domestic animals, and pets.

PESTICIDE DISPOSAL: Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSALHANDLING¹: Triple rinse (or equivalent). Then offer for recycling if available or reconditioning if appropriate, or puncture and dispose of in a sanitary landfill, or incineration, or if allowed by state or local authorities, by burning. If burned, stay out of smoke.

¹ This "Container Disposal Handling" statement is for a "plastic container". For product in another type of container, use the proper text listed in EPA PR Notice 83-3, Appendix A (Container Disposal Statements).

Notification of label change per PR Notice 2007-4. This notification is consistent with the guidance in PR Notice 2007-4 and the requirements of EPA's regulations at 40 CFR 156.10, 156.140, 156.144, 156.146, and 156.156. No other changes have been made to the labeling or the Confidential Statement of Formula for this product. I understand that it is a violation of 18 U.S.C. Sec. 1001 to willfully make any false statement to EPA. I further understand that if the amended label is not consistent with the requirements of 40 CFR 156.10, 156.140, 156.144, 156.146, and 156.156, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA.

PRECAUTIONARY STATEMENTS:

HAZARDS TO HUMANS & DOMESTIC ANIMALS

CAUTION: Harmful if swallowed. Avoid breathing vapors. Avoid contamination of food and feed. Avoid prolonged skin contact.

	FIRST AID			
	Have label with you when obtaining treatment advice.			
	- Call a poison control center or doctor immediately for treatment advice			
If swallowed:	- Have person sip a glass of water if able to swallow.			
	 Do not induce vomiting unless told to do so by the poison control center or doctor. 			
,	- Take off contaminated clothing.			
If on skin or clothing:	- Rinse skin immediately with plenty of water for 15-20 minutes.			
	- Call a poison control center or doctor immediately for treatment advice.			
	- Move person to fresh air.			
If inhaled:	- If person is not breathing, call an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible.			
	- Call a poison control center or doctor immediately for treatment advice.			
	- Hold eye open and rinse slowly and gently with water for 15-20 minutes.			
If in eyes:	- Remove contact lenses, if present, after first five minutes, then continue rinsing eye.			
	- Call a poison control center or doctor immediately for treatment advice.			
	NOTE TO PHYSICIAN			
	If breathing is difficult, give oxygen.			

ENVIRONMENTAL HAZARDS:

This product is toxic to fish. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when cleaning equipment or disposing of equipment washwaters or rinsate.

DIRECTIONS FOR USE:

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

SNAKES:

<u>USE RESTRICTIONS:</u> FOR OUTDOOR USE ONLY. APPLY ONLY AS DIRECTED ON LABEL. To repel rattlesnakes (Genus <u>Crotalus</u>) and checkered garter snakes (<u>Thamnophis marcianus</u>) from areas around houses, cabins, trailers, garages, utility houses, barns, woodpiles, sand piles, trash cans, and flower beds. This product may also be used around the periphery of gardens. Do not use this product at sites where snakes are believed to be already present as the deterrent effects of the product might tend to confine snakes to the treated areas.

Use in spring, summer, and fall when you expect temperatures to promote unwanted snake activity in the target area.

Do not apply this product in gardens or in fields of crops grown for food or feed. Do not use this product fear streams, ponds pools, or water supplies.

EPA Reg. No. 58630-1 Notification of Label Action –Storage & Disposal Statements August 20, 2009 Page 3 of 5

MASTER LABEL - BACK PANEL (Page 2 of 3)

Tests of this product have suggested that it can be an effective deterrent for the types of snakes listed above. While the product might deter other types of snakes as well, it is not expected to consistently repel snakes of the following types: corn snakes and other rat snakes (Genus Elaphe); and "moccasin" snakes such as cottonmouths and copperheads (Genus Agkistrodon).

APPLICATION DIRECTIONS: Using gloves, apply SNAKE-A-WAY IN BANDS SURRONDING THE AREA TO BE PROTECTED. Use bands 4 to 5 inches wide to repel checkered garden snakes. For rattlesnakes, use bands 8 to 12 inches wide. In yards, lightly sprinkle Snake-A-Way over the area within the treatment band.

When the odor of Snake-A-Way becomes faint, its effectiveness may be diminished. If this occurs during the season when snakes are active, retreat with enough of the product to restore the original odor intensity. Retreatment may also be necessary after heavy rains.

RATS AND MICE:

<u>USE RESTRICTIONS:</u> FOR OUTDOOR USE ONLY. APPLY ONLY AS DIRECTED ON LABEL. This product may be used to limit damage by house mice (<u>Mus musculus</u>), Norway rats (<u>Rattus norvegicus</u>), or roof rats (<u>R. rattus</u>) to garbage bags placed near residences and other buildings or to garbage bags placed along streets or alleys for garbage collection.

Do not use this product in gardens or in fields of crops grown for food or feed. Do not use this product near streams, ponds pools, or water supplies, or sewers.

APPLICATION DIRECTIONS: Using gloves, apply in a lightly sprinkled band around the area where garbage bags are placed. Beginning no more than one foot out from the outermost bags, lightly broadcast until band of product is 24 inches wide. When the odor becomes faint, its effectiveness may be diminished. Retreatment may also be necessary after heavy, washing-type rains.

STORAGE & DISPOSAL: [Homeowner Sizes]

PESTICIDE STORAGE: Store only in original container, in a cool, dry, and well-ventilated location inaccessible to children, and pets.

PESTICIDE DISPOSAL AND CONTAINER HANDLING: Non-refillable container. Do not reuse or refill this container. **If Empty:** Place in trash or offer for recycling if available.

If Partly Filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

STORAGE & DISPOSAL: [Non-Homeowner Sizes]

Do not contaminate water, food or feed by storage or disposal.

STORAGE: Store in original container in a cool, dry, and well-ventilated location inaccessible to children, domestic animals, and pets.

PESTICIDE DISPOSAL: Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER HANDLING¹: Triple rinse (or equivalent). Then offer for recycling if available or reconditioning if appropriate, or puncture and dispose of in a sanitary landfill, or incineration, or if allowed by state or local authorities, by burning. If burned, stay out of smoke.

¹ This "Container Handling" statement is for a "plastic container". For product in another type of container, use the proper text listed in EPA PR Notice 83-3, Appendix A (Container Disposal Statements).
