

U.S. ENVIRONMENTAL PROTECTION AGENCY

Office of Pesticide Programs
Registration Division (7505T)
1200 Pennsylvania Ave., N.W.
Washington, D.C. 20460

NOTICE OF PESTICIDE:

☒ Registration
☐ Reregistration
(under FIFRA, as amended)

EPA Reg. Number:

58630-1

Date of Issuance:

12/16/25

Term of Issuance:

Conditional

Name of Pesticide Product:

Dr. T'S Snake-A-Way Snake
Repelling Granules

Name and Address of Registrant (include ZIP Code):

Woodstream Corporation
c/o Lewis and Harrison
69 N. Locust St.
Lititz, PA 17543

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA).

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A). You must comply with the following conditions:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product under FIFRA when the Agency requires all registrants of similar products to submit such data.

Continues page 2

Signature of Approving Official:

Melissa Bridges, Product Manager 07
Invertebrate and Vertebrate Branch III, Registration Division
(7505T)

Date:

12/16/25

2. You are required to submit to the Agency acceptable GLP-compliant product chemistry data (40 C.F.R. § 158.310, OCSPP Series 830 Product Properties Test Guidelines Group A, including Guideline 830.1700 (5-batch Preliminary Analysis), and Group B) on the unregistered source of the active ingredient and GLP-compliant product chemistry data (Group A and Group B) for the end use product in addition to any other data requirements required to support an application to add a new unregistered source of active ingredient. The deadline for submitting these required data to the Agency is 12/31/2026. Failure to provide these data by this date may result in initiation of an expedited product cancellation proceeding under FIFRA 6(e).
3. Submit one copy of the final printed label for the record before you release the product for shipment.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under FIFRA and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance. If you fail to satisfy these data requirements, EPA will consider appropriate regulatory action including, among other things, cancellation under FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records.

The record for this product currently contains the following CSF(s):

- Basic CSF dated 10/03/2019
- Alternate CSF 1 dated 03/26/2025
- Alternate CSF 2 dated 10/01/2025

If you have any questions, please contact Anna Katrina Briley at 202-566-1210 or at briley.anna-katrina@epa.gov.

PRECAUTIONARY STATEMENTS:

HAZARDS TO HUMANS & DOMESTIC ANIMALS

CAUTION: Harmful if swallowed or absorbed through skin. Harmful if inhaled. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Avoid breathing dust.

FIRST AID	
Have label with you when obtaining treatment advice.	
If swallowed:	<ul style="list-style-type: none">- Call a poison control center or doctor immediately for treatment advice.- Have person sip a glass of water if able to swallow.- Do not induce vomiting unless told to do so by the poison control center or doctor.- Do not give anything by mouth to an unconscious person.
If on skin or clothing:	<ul style="list-style-type: none">- Take off contaminated clothing.- Rinse skin immediately with plenty of water for 15-20 minutes.- Call a poison control center or doctor for treatment advice.
If inhaled:	<ul style="list-style-type: none">- Move person to fresh air.- If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible.- Call a poison control center or doctor for further treatment advice.
If in eyes:	<ul style="list-style-type: none">- Hold eye open and rinse slowly and gently with water for 15-20 minutes.- Remove contact lenses, if present, after first five minutes, then continue rinsing eye.- Call a poison control center or doctor for treatment advice.
NOTE TO PHYSICIAN	
If breathing is difficult, give oxygen.	
Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact the National Pesticides Information Center at 1-800-858-7378, 6:30 AM to 4:30 PM Pacific Time (PT), seven days a week for emergency medical treatment information. During other times, call the poison control center at 1-800-222-1222.	

ENVIRONMENTAL HAZARDS:

This product is toxic to fish. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when cleaning equipment or disposing of equipment washwaters or rinsate.

DIRECTIONS FOR USE:

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

IMPORTANT: Keep out of reach of children and pets. Do not place in areas accessible to children and pets.

If the product's smell persists inside living spaces after placement, either too much has been applied or applied too close to living spaces.

SNAKES:

USE RESTRICTIONS: FOR OUTDOOR USE ONLY. APPLY ONLY AS DIRECTED ON LABEL. To repel rattlesnakes (Genus Crotalus) and garter snakes (Genus Thamnophis) from areas around houses, cabins, trailers, garages, utility houses, barns, woodpiles, sand piles, trash cans, and flower beds. This product may also be used around the periphery of flower gardens. Do not use this product at sites where snakes are believed to be already present.

MASTER LABEL – BACK PANEL (Page 2 of 3)

Use in spring, summer, and fall when outdoor temperatures are conducive to snake activity.

Do not apply this product in gardens or in fields of crops grown for food or feed. Do not use this product near streams, ponds, pools, or water supplies.

APPLICATION DIRECTIONS: Using gloves, apply SNAKE-A-WAY IN BANDS SURROUNDING THE AREA TO BE PROTECTED. Use bands 4 to 5 inches wide to repel garter snakes. For rattlesnakes, use bands 8 to 12 inches wide. In yards, lightly sprinkle Snake-A-Way over the area within the treatment band.

When the odor of Snake-A-Way becomes faint, its effectiveness may be diminished. If this occurs during the season when snakes are active, retreat with enough of the product to restore the original odor intensity. Retreatment may also be necessary after heavy rains.

RATS AND MICE:

USE RESTRICTIONS: FOR OUTDOOR USE ONLY. APPLY ONLY AS DIRECTED ON LABEL. This product may be used to limit damage by house mice (*Mus musculus*), Norway rats (*Rattus norvegicus*), or roof rats (*R. rattus*) to garbage bags placed near residences and other buildings or to garbage bags placed along streets or alleys for garbage collection.

Do not use this product in gardens or in fields of crops grown for food or feed. Do not use this product near streams, ponds, pools, or water supplies, or sewers.

APPLICATION DIRECTIONS: Using gloves, apply in a lightly sprinkled band around the area where garbage bags are placed. Beginning no more than one foot out from the outermost bags, lightly broadcast until band of product is 24 inches wide. When the odor becomes faint, its effectiveness may be diminished. Retreatment may also be necessary after heavy, washing-type rains.

<p>STORAGE & DISPOSAL: <i>[For Non-Refillable Containers Weighing 50 lbs. or Less]</i></p> <p>PESTICIDE STORAGE: Store only in original container, in a cool, dry, and well-ventilated location inaccessible to children, and pets.</p> <p>PESTICIDE DISPOSAL AND CONTAINER HANDLING: Non-refillable container. Do not reuse or refill this container. If Empty: Place in trash or offer for recycling if available.</p> <p>If Partly Filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.</p>
<p>STORAGE & DISPOSAL: <i>[For Non-Refillable Containers Weighing More than 50 lbs.]</i></p> <p>Do not contaminate water, food or feed by storage or disposal.</p> <p>STORAGE: Store in original container in a cool, dry, and well-ventilated location inaccessible to children, domestic animals, and pets.</p> <p>PESTICIDE DISPOSAL: Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.</p> <p>CONTAINER HANDLING¹: Triple rinse (or equivalent). Then offer for recycling if available or reconditioning if appropriate, or puncture and dispose of in a sanitary landfill, or incineration, or if allowed by state or local authorities, by burning. If burned, stay out of smoke.</p>

¹ This "Container Handling" statement is for a "plastic container". For product in another type of container, use the proper text listed in EPA PR Notice 83-3, Appendix A (Container Disposal Statements).

MASTER LABEL – BACK PANEL (Page 3 of 3)

Note: Seller warrants that this product complies with the specifications expressed in this label. To the extent consistent with applicable law, Seller makes no other warranties, and disclaims all other warranties, express or implied, including but not limited to warranties of merchantability and fitness for the intended purpose. To the extent consistent with applicable law, Seller's liability or default, breach or failure under this label shall be limited to the amount of the purchase price. To the extent consistent with applicable law, Seller shall have no liability for consequential damages.
