Mr. Donahue Tennyson
Dr. T's Nature Products, Inc.
Box 682
US 19 N
Pelham, GA 31779

FEB 26 1999

Subject: Dr. T's Rabbit, Squirrel, Bat & Bird Repellent
EPA Registration No. 58630-2
Modification to Environmental Hazards Statement
Your submission of revised labeling

Dear Mr. Tennyson:

The revised labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, is acceptable provided that you make the following changes and submit one (1) copy of final printed labeling to us before you ship product.

1. Replace your Environmental Hazard statement to read exactly as follows:

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish. Do not apply directly to water.

This registration will be subject to cancellation in accordance with FIFRA sec. 6(e) if you do not comply with these conditions. Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.

A stamped copy of the labeling is enclosed for your records.

Sincerely,

Daniel B. Peacock, Biologist
Insecticide-Rodenticide Branch
Registration Division (7504C)

Enclosures: 1. Stamped Label

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

WARNING

May be fatal if inhaled. Harmful if swallowed. . Avoid breathing vapors or dust.
Avoid contact with skin, eyes, or clothing. Wash
thoroughly with soap and water after handling. Remove contaminated clothing
and wash before reuse.

ENVIRONMENTAL HAZARDS

Do not contaminate water by cleaning of equipment or disposal of wastes. *Not needed?*
This pesticide is toxic to fish. Do not apply to water

FIRST AID

IF INHALED: Remove victim to fresh air. If not breathing, give artificial respiration, preferably mouth-to-mouth. Get medical attention

IF SWALLOWED: Call a physician or Poison Control Center. Drink one or two glasses of water and induce vomiting by touching back of throat with finger. Do not induce vomiting or give anything by mouth to an unconscious person.

IF IN EYES: Flush with plenty of water. Call a physician if irritation persists.

IF ON SKIN: Wash with plenty of soap and water. Call a physician if irritation persists.

NOTE TO PHYSICIAN

If breathing is difficult, give oxygen.

STORAGE AND DISPOSAL

STORAGE: Store only in original container, in a dry place, inaccessible to children and pets.

DISPOSAL: Do not reuse empty container. Securely wrap in newspaper and discard container in trash.

Directions for Use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

FOR CONTROL OF RABBITS AROUND ORNAMENTAL PLANTS

Use Restrictions: To reduce the frequency of visits by rabbits to ornamental plants. For outdoor use only.

Application Directions: At first sign of growth of roses, spring bulbs, flowers or other plants to be protected, apply one or more inch-wide bands of product around the plants. Do not apply product directly to foliage or stems. Hot weather and wind will necessitate more frequent applications.

FOR CONTROL OF TREE SQUIRRELS, BATS, STARLINGS, PIGEONS, AND HOUSE SPARROWS IN ATTICS AND WALL VOIDS

Use Restrictions: To repel tree squirrels, bats, starlings, pigeons, and house sparrows from attics and wall voids. For indoor use only. Do not apply the product directly in the attic or wall void.

Pre-Application Directions: Calculate the total number of cubic feet to be treated. Divide by 400 cu. Ft. to determine the number of pounds of product needed.

Application Directions: Apply the product at the rate of 1 pound per 400 cu. ft. Place smaller amounts (2 to 4 ounces) in a mesh bag, cheese cloth, panty hose or small, opened topped cardboard container so that product can be easily removed if odor becomes too strong. Animals will depart from treated areas shortly.

Post Application Directions: Close all openings through which animals gain access to attic and wall voids (such as small crevices, around eaves, rafters, and around dormers) with strips of wood, metal or steel wool.

NOTICE:

Buyer assumes all risks of use, storage, and handling of this material not in strict accordance with label directions.
