EPA Letter Dated
21 FEB 1995

Under the Federal Insecticide, Fungicide, and Plant Disease Act as amended, this product is registered at EPA Reg. No. 59144-22

Directions For Use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

This product may be used indoors and out-of-doors or in a home greenhouse throughout the season, or as a pre-harvest treatment when other insecticides are prohibited due to residue restrictions and use limitations.

This product is Ready-To-Use. To control insects named in chart, apply to provide thorough coverage of upper and lower leaf surfaces. Repeat treatment weekly or as needed to control infestations. It may be applied on the day of harvest of vegetables.

ROSES & FLOWERS	
PLANTS	INSECTS
African Violets, Azaleas, Begonias, Camellias, Dahlias, Dogwood, Roses, Wandering Jew, Asters, Camellias, Chrysanthemums, Geraniums, Gladiolus, Marigolds.	For Aphids, Flea Beetles, Leafhoppers, Thrips, Plant Bug, Rose Chafer, Cutworms, Spider Mites and White Flies

DIRECTIONS FOR USE (Cont.)

NOTE: For best insect control on vegetables plan on two applications the first and second week since this spray is not residual. A light mist on the plant foliage is all that is necessary. Do not spray to point of run-off. Shake container before use.

INDOOR INSECT CONTROL

Adjust sprayer to give a fine floating mist as a space spray to control Flies, Fruit Flies, Mosquitoes, Gnats and Small Flying Insect Moths. Cover or remove exposed food and food handling surfaces. Close windows and doors and shut off ventilating systems. Direct the spray mist toward the upper portions of the enclosure, filling the room with the mist and hitting as many insects with the spray as possible. Use 2 to 4 ounces per 1,000 cubic feet of space. Keep area closed for at least 30 minutes. Vacate treated areas and ventilate before reoccupying. Repeat treatment as necessary.

OUT-OF-DOORS ON TREES & SHRUBS

To control Gypsy Moth Caterpillars, adult Japanese Beetles and Eastern and Forest Tent Caterpillars on contact, treat trees and shrubs as soon as insects emerge (usually late spring). Treat leaves, branches and tree trunks evenly, making sure to penetrate dense foliage. Repeat applications in 7 days as necessary for control.

ADULT MOSQUITO CONTROL

Apply as a fine mist to thoroughly treat the entire area. For best results treat when the wind velocity does not exceed 5 miles per hour, (treat when it is calm). Treat shrubbery and vegetation where mosquitoes may rest particularly around mosquito breeding places such as swamps, marshes, stagnant water pools and ponds. Apply at the rate of 4 ounces of this product per 21,000 square feet of area (1.5 to 6 quarts per acre.)

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION. Harmful if swallowed or absorbed through the skin. Avoid breathing vapors. Avoid contact with eyes, skin or clothing. In case of contact, immediately flush eyes and skin with plenty of water. Get medical attention if irritation persists. Remove pets, birds, and cover fish aquariums before spraying.

STATEMENTS OF PRACTICAL TREATMENT

If Swallowed: Call a physician or Poison Control Center immediately. Induce vomiting by giving victim 1 or 2 glasses of water and touching back of throat with finger. Never give anything by mouth to an unconscious person. If In Eyes: Flush eyes with plenty of water. If irritation persists get medical attention. If On Skin: Wash with plenty of soap and water.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Shrimp and Crab may be killed at application rates recommended on this label. Do not apply where these are important resources. Do not contaminate water by cleaning of equipment or disposal of waste.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. Do not reuse empty container. Wrap container and put in trash collection. NOTICE - Buyer assumes all risk and liability of use, storage and or handling of this material not in accordance with the terms of this label (59-R&VSP PM506-13-94)

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.

2. Make the following label changes:

a. Revise the EPA Registration Number to read, "EPA Reg. No. 59144-22".

b. Change the statement, "Do not contaminate water by cleaning of equipment or disposal of wastes.", to read "Do not contaminate water when disposing of equipment washwaters."

c. The additional brand name, Tomato & Vegetable Insect Spray, is acceptable.

Signature of Approving Official:

Rebecca S. Cool

Date:

2/21/95

3. Submit one (1) copy of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely,

Rebecca S. Cool
