NAME OF PESTICIDE PRODUCT WSA Bacteriostatic Water Treatment Unit, Model WSA2CT (Counter-Free)		

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Water Makers, Inc.
 302 S. ...
 ...
 ...

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

The label for this pesticide must be printed in accordance with the following instructions:

1. The label must be printed in English and must include the following information:

2. Make the labeling appear as listed below before you release the product for shipment:

- a. Add the phrase "EPA Registration No. 59243-2."
- b. The following contents must appear in close proximity in the order listed, on the front of the label panel that is customarily viewed when setting on display in channels of trade:
 - (1) Product Name: WSA Bacteriostatic Water Treatment Unit, Model WSA2CT (Counter-Free)
 - (2) "Bacteriostatic Water Treatment Unit"
 - (3) "Model WSA2CT (Counter-Free Unit)"
