Landmark Wood Preservative

ACTIVE INGREDIENTS:

Methylene bis(thiocyanate)	0.5 %
2-(Thiocyanomethylthio)benzothiazole	0.5 %
INERT INGREDIENTS	99.0 %

This product weighs 7.0 pounds per gallon.

KEEP OUT OF REACH OF CHILDREN WARNING

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

WARNING: Causes eye damage and skin irritation. Do not get in eyes, on skin, or on clothing. Wear goggles or face shield and rubber gloves when handling. Harmful if swallowed or absorbed through skin. Avoid breathing vapors or mist. This product may cause skin sensitization.

STATEMENT OF PRACTICAL TREATMENT: In case of skin contact, wash promptly and thoroughly with soap and water. If product gets in eyes, flush immediately with copious amounts of clean, cool water for 15 to 20 minutes. Get medical attention immediately. If product is swallowed, call a physician or Poison Control Center. Drink a large quantity of milk, egg whites, or gelatin solution, or if these are not available, drink large quantities of water. Avoid alcohol.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression, and convulsion may be needed.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish. Do not apply directly to water. Do not contaminate water when disposing of equipment washwaters.

PHYSICAL AND CHEMICAL HAZARDS: Do not use or store near heat or open flame.

EPA REG. NO. _____

EPA Est. No. _____

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Landmark Wood Preservative is a preservative, designed to protect wood against decay and surface mold. In addition Landmark Wood Preservative is especially formulated to penetrate into wood to reduce swelling and shrinking and increase protection against the elements.

Examples of typical uses include wood siding, patios and decks, and fences. Landmark Wood Preservative can be applied by brush, spray, immersion, or vacuum impregnation.

When applying Landmark Wood Preservative for uses that do not call for subsequent finishing, two applications of Landmark Wood Preservative are recommended for optimum performance.

When applying Landmark Wood Preservative for uses that do not call for subsequent finishing, a 48 hour soak is recommended. For certain uses, a 24 hour soak may provide adequate protection.

Since Landmark Wood Preservative does not form a true film, it will not crack, peel, or flake. The elements will cause the gradual natural weathering of the wood. Reapplication is recommended for optimum results.

ACCEPTED
with COMMENTS
in EPA Letter Dated:

JAN 18 1990

Under the Federal Insecticide,
Fungicide, and Rodenticide Act as
amended by the FIFRA Act of 1972,
this pesticide is registered under the
EPA Reg. No. _____

31412-1

STORAGE AND DISPOSAL

STORAGE: Keep container closed when not in use. Empty or damaged containers should be placed in a plastic bag. All pesticides should be kept out of reach of children.

DISPOSAL: Do not reuse empty can. Wrap can in newspaper.
