U.S. ENVIRONMENTAL PROTECTION
AGENCY

Office of Pesticide Programs
Antimicrobials Division (7510P)
1200 Pennsylvania Avenue NW
Washington, D.C. 20460

EPA Reg.
Number:
59441-8

Date of
Issuance:
NOV 28 2007

Term of Issuance:
Conditional

Name of Pesticide Product:
AgAM 100

NOTICE OF PESTICIDE:

 x Registration
 Reregistration

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

Melanie Marshall
Eastman Kodak Company
Health, Safety and Environment
Rochester, NY 14652-6267

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec 3(c)(7)(a) provided that you:

1. Submit and/or cite all data required for registration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for re-registration of your product under FIFRA section 4.
2. Make the labeling changes listed below before you release the product for shipment:
 - a. Revise the "EPA Registration Number to read, EPA Reg. No. 59441-8"

Signature of Approving Official:

Marshall Swindell
Product Manager Team-33
Regulatory Management Branch I
Antimicrobials Division (7510P)

Date:

NOV 28 2007

Page 2
EPA Reg. No. 59441-8

- b. On the front page of the label, include a product description just below the product name. i.e., "Materials Preservative for textiles, coatings, adhesives, sealants, plastics and nonfood contact items.
3. All generic human toxicology data requirements are held in reserve (not waived) because the Office of Water's National Secondary Maximum Contaminant Level (SMCL) for silver of 0.10 mgs/L (100 ppb) was used to estimate risks. The data supporting establishment of the SMCL will be considered and the data reserve status will be reevaluated prior to the initiation of Registration Review for silver which is scheduled for 2009. The data reserve decision includes the six acute toxicity studies, one 90 day sub-chronic study, and three mutagenicity studies. In the interim, a 3X safety factor will be applied to account for data gaps and uncertainty. This approach was utilized when the Agency approved the registration of the new chemical, Silver Chloride. Once the Agency has completed its review, additional toxicity data maybe required to support the continued registration of your product.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records. Submit one (3) copy of your final printed labeling prior to release of this product for shipment. If you have any questions concerning this letter, please contact Demson Fuller at (703) 308-8062.

Sincerely,

Marshall Swindell
Product Manager Team-33

under the Federal Insecticide,
Fungicide, and Rodenticide Act as
Pesticide, and the pesticide,
AgAM 100, is registered under EPA Reg. No. 59441-8

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS & DOMESTIC ANIMALS

Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Wear goggles or face shield when handling. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and wildlife. Do not apply directly to water, or to areas where surface water is present or to inter-tidal areas below the mean high water mark. Runoff may be hazardous to aquatic organisms in neighboring areas. Do not contaminate water when disposing of equipment wash waters.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. AgAM 100 is an antibacterial and antifungal powder for commercial use. The powder is to be incorporated into plastic during the manufacturing process of a plastic masterbatch (plastic pellets). The pellets are used in the manufacturing process of materials incorporated into final articles. AgAM 100 provides antibacterial and antifungal protection to the final article. Manufactured products using AgAM 100 may not make any public health claims relating to antimicrobial activity without first obtaining an EPA registration for the manufactured product.

IMPORTANT! Read precautionary statements before using this product.

This product is for use in materials that may be incorporated into manufactured products listed below. Do not use this product to treat materials intended for food-contact uses.

Fibers: The final article may contain from 0.001% to 1.0% AgAM 100 by weight. Including household items, bedding, mattress cover pads and filling, pillow covers, sheets, blankets, fiberfill for quilts and pillows, table cloths, napkins, wiping cloths, mops, towels, vacuum cleaner bags, cushion pads, sleeping bags, brush bristles, pool/spa filters, air and dust filters, book covers, curtains, draperies, upholstery, wall covering fabrics, carpet underlay, carpet backing, automotive and industrial equipment, conveyor belts that do not come in contact with any type of food, automotive and truck upholstery, automotive and truck carpeting, truck liners, convertible tops and interior liners, Apparel, outerwear, uniforms, coats, aprons, sportswear, sleepwear, stockings, socks, hosiery, caps, undergarments (undershirts, underwear, bras, thermal underwear), inner liners for jackets, shoes, gloves and helmets, outdoor items, sails, ropes, tents, tarps, canvas, ducking, awnings, umbrellas, geotextiles (landscape/civil engineering fabrics, landfill and pond liners, ground and soil covers, soil separation/filtration fabrics, structural/foundational/soil support membranes, erosion control cloth), outdoor upholstery, pool covers, boat covers, RV and auto covers.

Floor coverings: The final article may contain 0.001% AgAM 100 by weight. Including carpets, rugs, mats, indoor/outdoor carpet and broadloom and tile carpeting

Plastics, coatings, films and laminates: The final article (or finished coating) may contain from 0.001% to 1.0% AgAM 100 by weight. Including appliances and equipment; automotive and vehicular parts; brush handles; building materials and components, wood and plastic composites, collection and; concrete; conveyor belts that do not come in contact with any type of food; countertops; floor covering; flooring; footwear including boots; furniture; gaskets; glazing for cement tile and for vitreous china used in plumbing fixtures such as toilets, sinks, countertops; indoor and outdoor furniture; industrial equipment; insulation for wire and cable; insulators; kitchen and bathroom hardware; liners; mats; mops; natural and synthetic fibers and fabrics; non-woven fabrics; plumbing supplies and fixtures; roofing shingles; shower curtains, siding, sinks, , sports equipment, tape, tiles, tubing, vacuum cleaner bags, wallboard, walls, waste containers, artificial turf, protective coverings for pools and hot tubs. For coatings used on the inside of fire system sprinkler pipes.

Adhesives and sealants: The final article may contain from 0.001% to 1.0% AgAM 100 by weight. Including adhesives used in the manufacturing of wood and plastic composites, adhesives for ceramic tile, rubber, plastic, glazing for windows, grout, sealants for pipes, and adhesives for plumbing.

STORAGE AND DISPOSAL

PROHIBITIONS: Do not contaminate water, food, or feed by storage or disposal. Open dumping is prohibited. Do not reuse empty container. Do not store under conditions which might adversely affect the container or its ability to function properly. Such conditions include, but are not limited to, positioning of the container in storage, storage temperature, potential for crushing or damage due to stacking, and penetration of moisture.

STORAGE: Store in safe manner. Store in original container only. Store in cool, dry place. Storing product at temperatures below 40 °F and above 110 °F is not recommended. Avoid exposure to light and moisture by sealing product in original packaging when not in use. Keep container tightly closed when not in use. Reduce stacking height where local conditions, such as humidity or pallet overhang, can affect package strength. Personnel should use clothing and equipment listed under "PRECAUTIONARY STATEMENT" when handling open containers.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Non-refillable container. Do not reuse or refill this container. Clean container promptly after emptying. Triple rinse as follow: Empty the remaining contents into application equipment or a mix tank. Fill the container ¼ full with water and recap. Shake for 10 seconds. Pour rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times. Offer for recycling if possible. If recycling is not possible, dispose of empty container in a sanitary landfill or by incineration, or, if allowed by State and local authorities, by burning. If burned, stay out of smoke.
