Subject: Notification per PRN 98-10 – To revise the product label to add “intermediates”
to the list of miscellaneous use sites, remove additional label language
Product Name: AgAM 100
EPA Registration Number: 59441-8
Application Date: May 6, 2016
Decision Number: 517319

Dear Mr. Wacek:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the above referenced product. The Antimicrobials Division (AD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The label submitted with the application has been stamped “Notification” and will be placed in our records.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

If you have any questions, you may contact Zebora Johnson at (703) 308-7080 or via email at johnson.zebora@epa.gov.

Sincerely,

A handwritten signature in blue ink, appearing to read "Julie Chao".

Julie Chao, Product Manager 33
Regulatory Management Branch I
Antimicrobials Division (7510P)
Office of Pesticide Programs

(MASTER LABEL)

AgAM 100

Sublabel A:	Large Container Sizes/Immediate container bears full label
Sublabel B:	Small Container Sizes/Packaged with Inner Bottle and Outer Box

EPA Reg. No.: 59441-8

EPA Establishment No.: 59441-NY-001

Manufactured by:

Eastman Kodak Company

1669 Lake Avenue

Rochester, New York 14652

NOTIFICATION

59441-8

The applicant has certified that no changes, other than those reported to the Agency have been made to the labeling. The Agency acknowledges this notification by letter dated:

06/29/2016

(Note to Reviewer: [bracketed text] is optional; (parenthetical text) is informational.)

(Sublabel A: Large Container Sizes/Immediate Container Bears Full Label)

AgAM 100

(Alternate Brand Names: AgPRO Antimicrobial Agent; AgPOLY Antimicrobial Agent; AgMPX Antimicrobial Additive; Silver Multipurpose Extrusion Antimicrobial Additive, AgMPX; Silver Fiber/Film Extrusion Antimicrobial Additive for Polyester and Polyolefin, AgFX; Silver Polyolefin Extrusion Antimicrobial Additive, AgPPX; QSM 100)

Materials Preservative for nonfood contact items used in textiles, fibers, floor coatings, films, coatings, adhesives, sealants, plastics, and laminates.

ACTIVE INGREDIENT:

Silver Sulfate	98.5%
<u>Other Ingredients.....</u>	<u>1.5%</u>
TOTAL.....	100.0%

KEEP OUT OF REACH OF CHILDREN

CAUTION

See [back] [side] [other panel] [below] For Other Precautions [and Directions for Use].

Lot or Batch [No.]

(Note to Reviewer: Lot or Batch number may also be printed or stamped directly on container.)

FIRST AID

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

IN ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS & DOMESTIC ANIMALS

CAUTION: Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Wear goggles or face shield when handling. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

ENVIRONMENTAL HAZARDS (Note to Reviewer: for product containers \geq 50 lbs.)

This pesticide is toxic to fish and wildlife. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollution Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

[AgAM 100] [This product] is an antibacterial and antifungal powder for commercial use. The powder is to be incorporated into a polymer during the manufacturing process of a masterbatch (plastic pellets), liquid suspension or a final product listed below. [AgAM 100] [This product] contains an antimicrobial agent that inhibits microbial growth on the final article to prevent unsightly discoloration, unpleasant odors, and polymer degradation issues. Manufactured products using [AgAM 100] [this product] may not make any public health claims relating to antimicrobial activity without first obtaining an EPA registration for the manufactured product.

The product is also designed for use in the manufacturing or formulating of other pesticide products. This product may be used to formulate products for specific use(s) not listed on this label if the formulator, user group, or grower has complied with U.S. EPA data submission requirements regarding the support of such use(s). Those persons using this product to formulate pesticide products are responsible for the registration of their products with the Environmental Protection Agency prior to distribution and sale.

IMPORTANT! Read precautionary statements before using this product.

This product is for use in materials that may be incorporated into manufactured products listed below. Do not use this product to treat materials intended for food-contact uses.

Fibers: The final article may contain from 0.001% to 1.0% AgAM 100 by weight. Including household, commercial and institutional items, bedding, mattress cover pads and filling, pillow covers, sheets, blankets, fiberfill for quilts and pillows, mops, towels, vacuum cleaner bags, cushion pads, sleeping bags, brush bristles, pool/spa filters, filter media including air and dust filters, book covers, curtains, draperies, upholstery, wall covering fabrics, carpet underlay, carpet backing, privacy screens, office cubicles and partitions, automotive and industrial equipment, conveyor belts that do not come in contact with any type

of food, automotive and truck upholstery, automotive and truck carpeting, truck liners, convertible tops and interior liners, Apparel, outerwear, uniforms, coats, aprons, sportswear, sleepwear, stockings, socks, compression socks and garments, hosiery, caps, undergarments (undershirts, underwear, bras, thermal underwear), inner liners for jackets, shoes, gloves and helmets, outdoor items, sails, ropes, tents, tarps, canvas, ducking, awnings, umbrellas, geotextiles (landscape/civil engineering fabrics, landfill and pond liners, ground and soil covers, soil separation/filtration fabrics, structural/foundational/soil support membranes, erosion control cloth), outdoor upholstery, pool covers, boat covers, RV and auto covers, bags including reusable shopping bags, backpacks, rucksacks, duffel bags, and sports equipment bags.

Floor coverings: The final article may contain 0.001% AgAM 100 by weight. Including carpets, rugs, mats, indoor/outdoor carpet and broadloom and tile carpeting.

Plastics, coatings, films and laminates: The final article (or finished coating) may contain from 0.001% to 1.0% AgAM 100 by weight. Including touch surfaces, appliances and equipment; automotive and vehicular parts; brush handles; building materials and components, wood and plastic composites, ~~collection and~~ buckets; concrete; conveyor belts that do not come in contact with any type of food; floor covering; flooring; linoleum, composite, rubber and all hard surface flooring, privacy screens, office cubicles and partitions, footwear including boots; furniture; gaskets; glazing for cement tile and for vitreous china used in plumbing fixtures such as toilets, sinks; indoor and outdoor furniture; industrial equipment; insulation for wire and cable; insulators; bathroom hardware; liners; mats; wrestling mats and protective cushioning safety mats/pads in sports areas, mops; natural and synthetic fibers and fabrics; non-woven fabrics; plumbing supplies and fixtures; roofing shingles; shower curtains, siding, sinks, sports and fitness equipment, tape, tiles, tubing, vacuum cleaner bags, wallboard, walls, waste containers, artificial turf, protective coverings for pools and hot tubs. For coatings used on the inside of fire system sprinkler pipes, Public and stadium seating surfaces, bus, cab and mass transit seating and hand rail surfaces, Escalator hand rails, paper towel dispensers in public restrooms, computer keyboards and mouse accessories, telephone key pads and handsets, cellular phones, remote controls, vehicle steering wheels and dashboard surfaces, contact surfaces on copiers, fax machines, postage machines and publicly used equipment, school - training and public meeting furniture, trays used in airport and security screening areas, airport seating and lounge areas, public and patient seating and waiting areas in hospitals, Aircraft Interiors including wall panels, overhead storage doors, arm rests and seating surfaces, magazine storage compartments, plus restroom doors and fixtures as well as air filtration media, laboratory, hospital and analytical equipment, ATM contact surfaces & touch screens in self checkout facilities, clean room surfaces & furniture & garments, stationary products including writing utensils, touch screens, bags including reusable shopping bags, backpacks, rucksacks, duffel bags, and sports equipment bags; tiles, laminates, plastic covers, liners, sheets to be applied to touch surfaces, electrical components including face plates, switches, handles for tools, data storage media including DVDs and flashdrives.

Adhesives and sealants: The final article may contain from 0.001% to 1.0% AgAM 100 by weight. Including adhesives used in the manufacturing of wood and plastic composites, adhesives for ceramic tile, rubber, plastic, glazing for windows, grout, sealants for pipes, and adhesives for plumbing.

Miscellaneous: The final article (or finished coating) may contain from 0.001% to 1.0% AgAM 100 by weight. Including intermediates, inks, dyes, toners, and materials printed, thermal sublimed, or coated for non-food contact on synthetic or natural inorganic or organic substrates.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

STORAGE: Store in safe manner. Store in original container only. Store in cool, dry place. Storing product at temperatures below 40 °F and above 110 °F is not recommended. Avoid exposure to light and moisture by sealing product in original packaging when not in use. Keep container tightly closed when not in use. Do not store under conditions which might adversely affect the container or its ability to function properly. Reduce stacking height where local conditions, such as humidity or pallet overhang, can affect package strength. Personnel should use clothing and equipment listed under PRECAUTIONARY STATEMENTS when handling open containers.

PESTICIDE DISPOSAL: Pesticide wastes may be hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER HANDLING: (Note to Reviewer: only one of the following Container Handling statements will be used depending on the final container type.)

(For product sold in containers >50 lbs): Nonrefillable container. Do not reuse or refill this container. Clean container promptly after emptying. Triple rinse as follow: Empty the remaining contents into application equipment or a mix tank. Fill the container ¼ full with water. Replace and tighten closures. Tip container on its side and roll it back and forth, ensuring at least one complete revolution, for 30 seconds. Stand the container on its end and tip it back and forth several times. Turn container over onto its other end and tip it back and forth several times. Empty the rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Repeat this procedure two more times. Then offer for recycling if available or reconditioning if appropriate or puncture and dispose of in a sanitary landfill or by incineration.

(For product sold in bags): Nonrefillable container. Do not reuse or refill this container. Completely empty bag into application equipment, then offer for recycling if available or dispose of empty bag in a sanitary landfill or by incineration or if allowed by state and local authorities, by burning. If burned, stay out of smoke.

(For product sold in drums, pails, and boxes with bag liner): Nonrefillable container. Do not reuse or refill this container. Completely empty liner by shaking and tapping sides of bottom to loosen clinging particles. Empty residue into application equipment. Then offer for recycling if available or dispose of in a sanitary landfill or by incineration or if allowed by state and local authorities, by burning. If burned, stay out of smoke. If (drum, pail, or box) is contaminated and cannot be reused, dispose of it in the manner required for its liner.

WARRANTY

It is impossible to eliminate all risks inherently associated with the use of this product. All such risks shall be assumed by the buyer. Except as expressly provided herein, the manufacturer or seller makes no warranties, guarantees, or representations of any kind, either express or implied, or by usage of trade, statutory or otherwise, with regard to the product sold, including, but not limited to, merchantability, fitness for a particular purpose, use or eligibility of the product for any particular trade usage.
