From Australia, "Get Off My Garden" water crystals is a new kind of repellent. Enveloped in suspended water crystals, the repellent provides longer-lasting continuous action by slowly releasing a strong, highly perfumed odor, confusing both dogs' and cats' senses of smell.

"Get Off My Garden" is effective in most weather conditions. In dry weather, the moisture of the crystals is drawn into the soil. Rain may occasionally cause the crystals to grow. The repellent remains effective.

**PRE-TREATMENT DIRECTIONS:** Stray animals are frequently attracted to areas where pets have soiled with feces or urine. To discourage repeat visits, remove any droppings and clean with water.

**APPLICATION DIRECTIONS:** Do not apply directly to foliage of shrubs or to ornamental, soft-bodied plants. Do not apply to food or feed crops. Lightly apply to surrounding soil. Only lightly scatter around new or soft lawns as the product could cause spotting or burning.
