**NOTE:** Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an endorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

SIGNATURE OF APPROVING OFFICIAL

DATE

the Precautionary Statements and revise the If Swallowed section as follows:

IF SWALLOWED: Call a physician or Poison Control Center immediately. Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. Do not induce vomiting or give anything by mouth to an unconscious person.

- c. Change "Harmful if swallowed" to "Harmful if swallowed, inhaled or absorbed through the skin . . . ."
- d. Since there is no established tolerance for the residue of s-fenvalerate on lettuce, you must delete that commodity from the crop listing.
- e. Add:

#### ENVIRONMENTAL HAZARDS

This pesticide is highly toxic to fish and other wildlife. Do not apply directly to any body of water. Do not apply when weather conditions favor drift from treated areas. Do not contaminate water when disposing of equipment washwaters. Apply this product only as specified on this label.

- f. Please expand the Directions for Use by identifying the type of equipment used to apply the product (i.e., 1 1/2 gal sprayer, power sprayer, etc.).
- g. Change "Active Ingredients" to the singular and align the words "Active Ingredients" and "Inert Ingredients" to the same margin.
- h. Add a street address or P.O. Box number to the address on the front panel.
- i. All products whose precautionary labeling appears on other than the front panel must bear the following referral statement:

See side/back panel for additional precautionary statements.

1. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.
