**KEEP OUT OF REACH OF CHILDREN**

**CAUTION:** harmful if swallowed.

Ortho Volck Soluble Spray is a lime sulfur combination  
insecticide. It is used for the control of sucking and  
biting insects on citrus trees. Treatment with  
Ortho Volck Soluble Spray should be made until the effects of the  
spray have been noted. There should be an in-  
terval of 10 to 14 days between such treatments.  
The spray tank should be free of any sulfur residue  
before being refilled. Ortho Volck Soluble Spray  
should be applied when the temperature is excessively  
high, over 90° F. Avoid spraying trees that are  
bearing fruit or are in full bloom.

may be treated with 1 gal. to 500 gals. water for  
each acre. The grower is advised to consult  
his local Agricultural Experiment Station as to the  
best time to apply and any particular pest. For  
best results, applications should be made  
with frequent waterings and expansion of late spring  
and early summer growth flushes. In using any con-  
tact spray, thorough coverage is essential for effective control.

**MIXING:** With agitator running, start filling spray  
tank with water. Add the Ortho Volck Soluble Spray  
materials. The FLORIDA VOLCK Soluble Spray should  
be added when tank is about three-quarters full.

**CONDITIONS OF SALE:** 1. Chevron Chemical Com-  
pany, Chevron, warrants that the material con-  
forms to the chemical description on the label and  
is reasonably fit for use as described thereon. Chev-  
ron neither makes, nor authorizes any agent or  
representative to make, any other warranty of  
FITNESS or of MERCHANTABILITY, express or implied, concerning this material.

2. Critical and unforeseeable factors beyond Chev-  
ron's control prevent it from eliminating all risks in  
connection with the use of chemicals. Such risks in-  
clude, but are not limited to, damage to plants and  
crops to which the material is applied, lack of com-  
plete control, and damage to other plants or crops  
adjacent to those to which the product is applied.  
The user assumes all responsibility for the application  
and even though the material is approved, Buyer  
and user assume all responsibility for all risks  
and liability, including damage to property, person un-  
der Federal, State or local laws, regulations, codes, and  
use of this material.
