# DIBROM® Fly & Mosquito Spray

## PRECAUTIONARY STATEMENTS

### HAZARDS TO HUMANS & DOMESTIC ANIMALS

#### CAUTION

Do not get on skin, eyes or clothing. Harmful if swallowed. Avoid breathing spray mist. Concentrate may cause skin damage. Use waterproof gloves when handling concentrate. In case of contact, immediately remove contaminated clothing and flush skin or eyes with plenty of water. For eyes, get medical attention. Avoid getting the holes of animals.

#### STATEMENT OF PRACTICAL TREATMENT

If swallowed, give water to drink and telephone for medical advice. DO NOT make person vomit unless directed to do so by medical personnel. If medical advice cannot be obtained, then take person and product container to nearest medical emergency treatment center or hospital. For skin contact, immediately wash skin with plenty of soap and water. In case of eye contact, wash eyes immediately with fresh water for at least 15 minutes. See a doctor if eye or skin irritation persists. If inhaled, remove person from exposure area.

**Note to Physicians:** Emergency information—call (415) 233-3737. This product contains an bromac petroleum distillate and an aspiration hazard may exist. Naled is a cholinesterase inhibitor. If signs and symptoms of cholinesterase inhibition appear, atropine is antidotal. 2-PAM may also be used in conjunction with atropine but should not be used alone.

#### ENVIRONMENTAL HAZARDS

This product is toxic to fish, birds and other wildlife. Keep out of lakes, streams or ponds. Do not apply where runoff is likely to occur. Do not apply when weather conditions favor drift from areas treated. Do not contaminate water by cleaning of equipment or disposal of wastes.

This product is highly toxic to bees exposed to direct treatment or residues on crops. Protective information may be obtained from your Cooperative Agricultural Extension Service.

#### PHYSICAL OR CHEMICAL HAZARDS

**COMBUSTIBLE. KEEP OUT OF REACH OF CHILDREN. DO NOT USE OR STORE** near heat, open flame, sparks or hot surfaces. **USE ONLY IN WELL VENTILATED AREA.**

Keep container closed. Clean up spills immediately. Liquid evaporates and forms vapor (fumes) which can catch fire and burn with explosive violence. Invisible vapor spreads easily and can be set on fire by many sources such as pilot lights, welding equipment and electrical motors and switches. Fire hazard is greater as liquid temperature rises above 85°F.

**DO NOT** weld, heat or drill the container. Replace cap or bung. Empty container still contains hazardous or explosive vapor or

#### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**READ ENTIRE LABEL. USE STRICTLY IN ACCORDANCE WITH PRECAUTIONARY STATEMENTS AND DIRECTIONS, AND WITH APPLICABLE FEDERAL AND STATE REGULATIONS.**

#### DIRECTIONS
