PESTICIDE DISPOSAL

Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility

CONTAINER DISPOSAL

Completely empty canister into application equipment. Do not reuse containers. Dispose of empty canisters in a sanitary landfill or by incineration or as allowed by State and Local authorities by burning. If burned, stay out of smoke.

For best results apply the material in the early morning or late afternoon when most active. Applications made under prolonged hot and dry conditions may be ineffective due to the location of the ants deep within the nest. Treat maximum of 13 mounds per acre. Do not treat more than once per season. Do not apply within 3 days of harvest.

Do not apply under conditions involving possible drift to food, storage or other places where it might be damaged or the crops thereof rendered unfit for sale, use or consumption.

NOTE: This product is sold by weight and package is full when packed, but due to this material is inclined to settle.

CONDITIONS OF SALE: 1. Chevron Chemical Company (Chevron) warrants that it conforms to the chemical description on the label and is reasonably fit for use hereon. Chevron neither makes nor authorizes any agent or representative to make any warranty of FITNESS or of MERCHANTABILITY guarantee or representation expressed concerning this material.

2. Critical and unforeseeable factors beyond Chevrons control prevent it from eliminating risks in connection with the use of chemicals. Such risks include, but are not limited to plants and crops to which the material is applied; lack of complete control caused by drift to other plants or crops. Such risks occur even though the product is fit for the uses stated herein and even though label directions are followed. Buyers acknowledge and assume all risks and liability (except those assumed by Chevron) resulting from handling, storage, and use of this material.
