KEEP OUT OF REACH OF CHILDREN
DANGER-PELIGRO
FOR AGRICULTURAL USE ONLY.
DO NOT STORE IN AREAS
ACCESSIBLE TO CHILDREN.
READ PRECAUTIONARY STATEMENTS
ON SIDE PANEL.
PRECAUCION AL USUARIO: Si usted no lee
ingales, no use este producto hasta que la
etiqueta le haya sido explicada ampliamente.

DIRECTION: For use on grapes, leafhoppers, leaf beetles, etc. Apply
thoroughly to foliage and fruit as necessary. Do
not apply within 14 days of harvest.

Do not apply under conditions involving possible drift to food,
forage or other plants that might be damaged or the crops
thereof rendered unfit for sale, use or consumption.

CONDITION OF SALE: This product is sold by Chevron
Chemical Company, Inc. for use on the crops listed in the chemical
directions. It is sold "AS IS" without warranty of any kind, express
or implied, and without liability for damage to crops, property, or
person. The user assumes all risk of injury to property, crops or
persons. **WARRANTY:** The only warranty is that of FITNESS OF USE
for the uses stated on the label. **CONDITIONS:** If the user follows
the label directions, the user assumes all risk of damage to crops,
property, or persons. Chevron's control of the product is not
guaranteed. Such risks include, but are not limited to, damage
to plant and crops to which the material is applied, lack of
complete control, and damage caused by drift to other plants
or crops. Such risks occur even if the product is reasonably
fit for the uses stated on the label, even though label directions
are followed. Every user must assume all risk and assume all
liability, except for the extent to which Chevron (under the above)
warranty is responsible for the fitness of the material.

... with fresh water. If swallowed, do not induce vomiting. If inhaled, remove clothing and move to fresh air. If on skin, wash with soap and water. For more information, call 1-800-424-9293.

ENVIRONMENTAL HAZARDS
... highly toxic if swallowed. It is irritating to eyes, nose, and throat. It is very toxic to aquatic organisms. Do not release into the environment.

DIRECTIONS FOR USE
Do not use in a manner that is a violation of Federal law to which this product is subject. Read the entire label with its labeling.

READ ENTIRE LABEL, USE STRICTLY IN ACCORDANCE WITH PRECAUTIONARY STATEMENTS AND DIRECTIONS AND WITH APPLICABLE STATE AND FEDERAL REGULATIONS.

REENTRY STATEMENT
Keep out of prohibited areas until the area is free of residue. Do not enter the treated area until the residue has dried. Do not allow children or pets to enter the treated area until the residue has dried.

STORAGE AND DISPOSAL
PROHIBITIONS
Do not contaminate water, food, or feed as stored, transported, or disposed of. Do not use near water. Do not dump. Do not use in prohibited areas.
STORAGE
Keep product in original container. Do not use in prohibited areas. Do not use in food or drink containers. Do not use in transport near feed or food.
For help with any spill, leak, fire, or explosion, call this material, day or night (415) 233-5700.
PESTICIDE DISPOSAL
This product is a highly hazardous pesticide. It is a fire and explosion hazard. It is highly toxic to aquatic organisms. Do not use near water. Do not use in prohibited areas. Do not use in food or drink containers. Do not use in transport near feed or food. For more information, contact your local office of the Environmental Protection Agency or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.
CONTAINER DISPOSAL
Completely empty bag into application equipment. Do not reuse container. Dispose of empty bag in a sanitary landfill, or by incineration, or if allowed by State and local authorities, by burning. If burning, stay out of smoke.

COPY A

IRREVERSIBLE. Causes irreversible eye damage. Harmful if swallowed or inhaled. May cause allergic skin reaction. Do not get in eyes, on skin, or on clothing. When handling this material wear protective clothing including gloves, chemical goggles and face shield. Avoid breathing dust. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

COPY B

If in eyes, hold eyelids open and flush with a steady, gentle stream of water for 15 minutes. Get medical attention immediately.

For skin contact, wash with plenty of soap and water. Get medical attention if irritation persists.

If swallowed, drink 1 or 2 glasses of water (or milk) and induce vomiting by touching the back of the throat with finger. If possible contact a physician, Poison Control Center or emergency center before inducing vomiting. Do not induce vomiting or give anything by mouth to an unconscious person. Take person and product container to the nearest medical emergency treatment center.

If inhaled, remove person from exposure area. If on skin, wash with plenty of soap and water. Get medical attention if irritation persists.

Note to Physicians: Emergency Information - call (415) 221-7777. Naled and carbamate are cholinesterase inhibitors. Measurement of plasma cholinesterase activity may be helpful in monitoring exposure. If signs of cholinesterase inhibition appear, atropine should be administered. Atropine is an anticholinergic drug and should be used in conjunction with atropine, but should not be used alone.

COPY C

This pesticide is toxic to fish, aquatic invertebrates, and wildlife. Do not apply directly to water or wetlands (swamps, bogs, marshes and potholes). Runoff from treated areas may be hazardous to aquatic organisms in neighboring areas. Do not contaminate water by cleaning of equipment or disposal of wastes.

This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the treatment area.

DIRECTIONS
 For use on grapes, leathoppers, leafrollers, etc. Apply as directed. Do not apply within 4 days of harvest.

Do not apply under conditions involving possible drift to food crops or other plantings that might be damaged or the crop thereof rendered unfit for sale, use or consumption.

CONDITIONS OF SALE
 The user warrants that the material conforms to the chemical description on the label and is fit for use as a pesticide. Chevron neither makes nor authorizes any agent or representative to make any other warranty of FITNESS or MERCHANTABILITY, guarantee or representation, express or implied, concerning this material.

The user warrants and understands that Chevron cannot be held responsible for eliminating all risks associated with the use of this material. Such risks include, but are not limited to, damage to crops and crops for which the material is not registered, and damage to crops for which the material is registered, if such risks occur even though the product is registered for such uses.

The user warrants and understands that the user is responsible for the safe use of this material. The user is responsible for the safe use of this material, except those areas of responsibility under Federal and State laws, regulations, and orders of the material.
