**PRECAUTIONARY STATEMENTS****HAZARDS TO HUMANS & DOMESTIC ANIMALS  
CAUTION**

Harmful if swallowed. Avoid breathing vapor and spray mist. Do not remain in treated area and ventilate the area after treatment is completed.

**STATEMENT OF PRACTICAL TREATMENT**

If swallowed, give water or milk to drink and telephone for medical advice. DO NOT make person vomit unless directed to do so by medical personnel. If medical advice cannot be obtained, then take person and product container to the nearest medical emergency treatment center or hospital. If inhaled, remove person from exposure area.

**Note to Physicians: Emergency Information** — call 1-800-457-2022. Ingestion of this product or subsequent vomiting can result in aspiration of light hydrocarbon liquid which can cause pneumonitis.

**ENVIRONMENTAL HAZARDS**

This product is toxic to fish. Do not apply directly to water. Do not apply where runoff is likely to occur. Do not apply when weather conditions favor drift from treated areas.

**PHYSICAL OR CHEMICAL HAZARDS**

**COMBUSTIBLE. KEEP OUT OF REACH OF CHILDREN. DO NOT USE OR STORE** near heat, open flame, sparks or hot surfaces. **USE ONLY IN WELL VENTILATED AREA.** Keep container closed. Clean up spills immediately. Liquid evaporates and forms vapor (fumes) which can catch fire and burn with explosive violence. In-visible vapor spreads easily and can be set on fire by many sources such as pilot lights, welding equipment and electrical motors and switches. Fire hazard is greater as liquid temperature rises above 85°F.

**DO NOT** weld, heat or drill this container. Replace cap or bung. Emptied container still contains hazardous or explosive vapor or liquid.

**DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

**READ ENTIRE LABEL. USE STRICTLY IN ACCORDANCE WITH PRECAUTIONARY STATEMENTS AND DIRECTIONS, AND WITH APPLICABLE STATE AND FEDERAL REGULATIONS.**

**STORAGE AND DISPOSAL****PROHIBITIONS**

Do not contaminate water, food or feed by storage, disposal or cleaning of equipment. Open dumping is prohibited.

**STORAGE**

Keep pesticide in original container. Do not put concentrate or dilute into food or drink containers. For help with any spill, leak, fire or exposure involving this material, call day or night 1-800-457-2022.

**PESTICIDE DISPOSAL**

Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

**CONTAINER DISPOSAL**

Triple rinse (or equivalent). Do not reuse container. Offer for recycling or reconditioning or puncture and dispose of in a sanitary landfill, or dispose of by other procedures allowed by State and local authorities.

EPA Reg. No. 59639-54

VALENT Dairy & Horse Fly Spray R is a specially formulated spray, designed to kill and repel flies and certain other insects attacking livestock. It is also effective as a space spray to kill flies in barns, milk rooms, homes, restaurants and food processing plants.

**DIRECTIONS**

**DAIRY STOCK AND OTHER ANIMALS** (such as Horses, Beef Cattle, Hogs, Sheep) for protection against Face Flies, Horn Flies, House Flies, Stable Flies, Mosquitoes, and Gnats: Apply undiluted as a fine mist-type spray with a convenient atomizer-type sprayer. Coarse droplets must be avoided. Apply just enough spray to wet the ears of the ear but not enough to wet the nose. Pay particular attention to face, head, backs, bellies and shoulders. Avoid areas around nose, eyes and mouth. One to two ounces is enough to treat an adult cow. Apply daily for 3 to 4 days. Repeat applications every 2 to 3 days are usually sufficient to keep flies under control. When flies are particularly heavy, additional treatments may be necessary. Be sure teats and udders of milking animals are washed with warm water prior to milking. Calves should be sprayed very lightly once a day.

**DAIRY BARN, MILK ROOMS, MILKING BARN, CALF PENS, HORSE STALLS, LIVESTOCK QUARTERS: Flies, Mosquitoes, Gnats**

— Close all doors and windows where possible, then spray all parts of the room thoroughly. Use approximately two ounces of VALENT Dairy & Horse Fly Spray to each 1,000 cubic feet of space. Direct the spray toward the ceiling and upper areas of the building, concentrating on beams, rafters and other areas where flies congregate. Doors and windows may be opened after ten to fifteen minutes. Sweep up and destroy all fallen insects. Treat daily or as required. Do not contaminate milk, milk handling equipment, feed or drinking water. Do not use in poultry houses.

**ANTS:** Direct spray along runways, baseboards and other places, where these insects congregate. If possible, spray directly on insects themselves. Also treat behind shelving, bookcases and storage areas. Repeat as necessary.

**FLEAS:** Spray floors, rugs, animals' sleeping quarters and other areas. Repeat as necessary.

**BUILDINGS** (such as Homes, Restaurants, Food Processing Plants):

Apply as a fine mist-type space spray with a convenient atomizer-type sprayer, filling the room with mist. Coarse droplets must be avoided. No dilution is necessary. Use as a space spray in food processing plants only when plant is not in operation. Foods should be removed or covered during treatment. All food processing surfaces should be covered or thoroughly cleaned before using.

**IMPORTANT INFORMATION. READ BEFORE USING PRODUCT.**

**LIMITED WARRANTY:** 1. Valent U.S.A. Corporation warrants that this product conforms to the chemical description on the label and is reasonably fit for use under average conditions when used strictly in accordance with the directions on the labeling. Valent does not make nor authorizes any agent or representative to make, any other warranty, guarantee or representation, express or implied, concerning this product. Specifically, NO IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR ANY PARTICULAR PURPOSE IS MADE.

2. Critical and unforeseeable factors beyond Valent's control prevent it from eliminating all risks in connection with the use of this product. Such risks include, but are not limited to, damage to plants and crops to which product is applied, lack of complete control over the handling and application of this product and damage caused by drift to other plants or crops. Such risks occur even though the product is reasonably fit under average conditions for the uses stated on the labeling and even though label directions are followed. Buyer and user acknowledge and assume all risks and liability (except those assumed by Valent under 1 above) resulting from handling, storage and use of the product.

3. Precautions stated on the labeling should be followed to avoid hazardous exposure to the product.
