Subject: Add Residential Outdoor Formulating Use
Product Name: Select 70% M.U.P.
EPA Registration Number: 59639-148
Decision Number: 442724

The amendment referred to above, submitted in connection with registration under section 3(c)(7)(A) of the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), is acceptable provided that you:

1. Submit/cite all data required for registration of your product under FIFRA section 3(c)(5) or when the Agency requires all registrants of similar products to submit such data.
2. Per 40 CFR 156.10(6), submit one copy of your final printed labeling before you release the product for shipment. As defined in 40 CFR 152.3, "final printed labeling" means the "label or labeling of the product when distributed or sold." Clearly legible reproductions or photo reductions will be accepted for unusual labels. Note that a clean copy of the master label in most cases does not meet the definition of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records. If you have any questions concerning this letter, please contact Bethany Benbow at 703-347-8072 or email at benbow.bethany@epa.gov.

Sincerely,

A handwritten signature in cursive script that reads "Kathryn V. Montague".
