

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. For use in Homes, Schools, Workplaces, Office Buildings, Theaters, Garages, Hotels, Kitchens. ATTACH EXTENSION TUBE TO SPRAY VALVE. SHAKE BEFORE USE. HOLD CONTAINER UPRIGHT. APPLY IN SHORT BURSTS.

TO PREVENT OR REMOVE INFESTATIONS: Apply spray along baseboards and around the door, dresser and window frames, particularly in the kitchen and bathroom areas, under sinks, where plumbing enters into the building, all parts of the room excepted as of harboring their eggs, adults and larvae, behind screens and equipment, food storage areas. To treat Cracks and Sinks: Insert the tip of the tube and spray directly into them and between different elements of construction, between equipment and floor, especially leading to walls and between pipes in walls, and furniture legs and bases. Repeat in few days if necessary. **FOR SPOT TREATMENT:** Spray liberally, at a distance of about 1 to 2 feet, and contact as many insects as possible. To kill ants, treat door and window frames, trim and other areas of entry. **FOR PET'S FLIES:** To kill pet's Flies, Brown Dog Ticks, etc.: Remove and dispose of pet's old bedding. Spray sleeping quarters, around kennels, window and door frames, wall cracks and floor areas of floor. Do not spray animals. Pet's old bedding should be replaced with clean, fresh bedding after treatment. Also treat the gate with a registered flea and tick control product before allowing them to re-enter kennel area. **FOR SPIDER SPINNS:** To kill Spiders: Close all doors and windows of the room. Sweep the spray upward, above head level, from center of room with a slow rotating motion and straight out. Spray about 10 seconds per 1,000 cubic feet of average-size room. Leave room and keep it closed 24 hours after spraying. Ventilate room thoroughly before re-entry. **DO NOT USE** this product in or on children's play areas due to the possibility of shock hazard. Shut off pilot lights and all open electrical outlets before use.

STORAGE AND DISPOSAL OF CONTAINER
