Subject: PRIA Label Amendment – Adding Molluscicide uses and Fracking Uses
Product Name: Mykon AML
EPA Registration Number: 59825-1
Application Date: 12/18/2018
Decision Number: 547962

Dear Mr. Foster:

The application referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable under FIFRA Section 3(c)(7)(B), subject to the following conditions:

1. You must submit and/or cite all data required for registration/reregistration/registration review of your product under FIFRA when the Agency requires all registrants of similar products to submit such data.
2. Be aware that proposed data requirements have been identified in a Work Plan. For more information on these proposed data requirements, you may contact the Chemical Review Manager in the Pesticide Reevaluation Division:
http://www.epa.gov/oppsrrd1/contacts_prd.htm

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one (1) copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the

website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If you fail to satisfy these data requirements, EPA will consider appropriate regulatory action including, among other things, cancellation under FIFRA section 6(e). If you have any questions, you may contact Aline Heffernan at 703-347-8602 or via email at Heffernan.Aline@epa.gov.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Zeno Bain', with a long horizontal stroke extending to the right.

Zeno Bain, Acting for:

John Hebert, Branch Chief
Regulatory Management Branch I
Antimicrobials Division (7510P)
Office of Pesticide Programs

Enclosure: Stamped Label

Mykon AML
For Manufacturing Use Only

For Use in the Manufacture of Antimicrobial Products for Institutional, Industrial and Residential Uses

ACTIVE INGREDIENT

Tetra acetyl Ethylenediamine.....92.00%
INERT INGREDIENTS.....08.00%
Total.....100.00%

CAUTION

KEEP OUT OF REACH OF CHILDREN

FIRST AID

IF ON SKIN Take off contaminated clothing. Rinse skin with plenty of water for 15 - 20 minutes. Call a poison control center or doctor for treatment advice.

IF IN EYES Hold eye open and rinse slowly and gently with water for 15 - 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

IF INHALED Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth. Call a poison control center or doctor for further treatment advice.

IF SWALLOWED Call a poison control center or doctor for treatment advice. Have a person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

Manufactured by:
The Lubrizol Corporation
29400 Lakeland Blvd.
Wickliffe, OH 44092
EPA REGISTRATION NO: 59825-1
EPA ESTABLISHMENT NO: 90570-GA-001

NET CONTENTS: 1000KG (2200LBS.), 25KG (55 LBS.)

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if absorbed through skin. Avoid contact with skin, eye or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse. Wear impervious or dust proof gloves, coverall and footwear with safety glasses when opening the containers or transferring material to processing equipment. Wash all contaminated clothing before reuse. Suitable respiratory equipment should be selected based on the products atmospheric concentration and the duration of exposure.

ENVIRONMENTAL HAZARDS

Do not discharge into lakes, streams, ponds, or public waters unless in accordance with the requirements of a National Pollutant Discharge Permit (NPDES) and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance, contact your state Water Board or Regional Office of the EPA.

PHYSICAL OR CHEMICAL HAZARDS

This material is stable when dry at ambient temperatures. Reacts with acids, alkalis and strong oxidizing agents. Reacts in aqueous solutions with peroxide to form peracetic acid.

WARRANTY: The Lubrizol Corporation and/or its affiliates make no warranty, expressed or implied, including the warranties of merchantability for any particular purpose, concerning this material, except those which are contained on this label.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

THIS PRODUCT IS TO BE USED ONLY FOR FORMULATING INTO OTHER FIFRA REGISTERED END USE PRODUCTS

This product may be used to formulate:

1. Laundry sanitizers;
2. Hard surface, non-food, sanitizers for use in toilets;
3. Products used for wastewater treatment (tertiary treatment) where there are freshwater discharges;
[Note to EPA, text will not appear on final printed label: Use rates are 1 – 5 ppm of peracetic acid (equivalent to 1.5 – 7.5 ppm of TAED)]
4. Molluscicides for control of invasive mollusc species in freshwater intakes such as those for power plants, pulp and paper mills (non-food contact only), and municipal water systems;
[Note to EPA, text will not appear on final printed label: Use rates are 25 – 100 ppm of peracetic acid (equivalent to 38 – 150 ppm of TAED)]
5. Products for use in fracking;
[Note to EPA, text will not appear on final printed label: Use rates are 25 – 150 ppm of peracetic acid (equivalent to 38 – 225 ppm of TAED)]
6. Products for any additional uses not listed on the MP label if the formulator, user group, or grower has complied with U.S. EPA data submission requirements regarding the support of such uses.

[Note to EPA, text will not appear on final printed label: For wastewater treatment and molluscicide control uses, a NIOSH approved particulate respirator with any N, R or P filter with NIOSH approval number prefix TC-84A; or a NIOSH approved powered air purifying respirator with HE filter with NIOSH approval number prefix TC-21C is required for open pour applications.]

Formulators using this product are responsible for obtaining EPA registration of their formulated products.

Note: TAED is not an active Antimicrobial unless in aqueous solution with a second "activating" ingredient, oxygen donors such as hydrogen peroxide, percarbonates, perborates or persulfates. The second active must be incorporated by the formulator.

STORAGE AND DISPOSAL

Do not contaminate food, feed or water by storage, disposal or by cleaning of equipment.

Pesticide Storage – store in a cool dry place away from sunlight. Avoid extremes of temperature.

Pesticide Disposal - Wastes resulting from use or storage of this product may be disposed of at an approved waste disposal facility. Dispose of in compliance with applicable State or Federal regulation.

Container Handling – Nonrefillable container. Do not reuse or refill this container. Offer for recycling, if available. Completely empty container by shaking or tapping sides and bottom to loosen clinging particles. Add recovered particles to application equipment. Dispose of in a sanitary landfill, or by other procedures as approved by state and local authorities.
