OFFICE OF CHEMICAL SAFETY  
AND POLLUTION PREVENTION

March 14, 2022

Michael Foster  
Product Compliance Advisor  
The Lubrizol Corporation  
29400 Lakeland Boulevard  
Wickliffe, OH 44092-2298

Subject: Notification per PRN 98-10 – Change in packaging composition and producing establishments  
Product Name: WARWICK B675  
EPA Registration Number: 59825-5  
Received Date: February 7, 2022  
Action Case Number: 00338849

Dear Michael Foster:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the above referenced product. The Antimicrobials Division (AD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The label submitted with the application has been stamped “Notification” and will be placed in our records.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Assurance.

If you have any questions, you may contact Steven Snyderman at (202) 564-0910 or via email at [snyderman.steven@epa.gov](mailto:snyderman.steven@epa.gov).

Sincerely,

A handwritten signature in black ink that reads "Steven Snyderman".

Steven Snyderman, Product Manager 33  
Regulatory Management Branch II  
Antimicrobials Division (7510P)  
Office of Pesticide Programs

**NOTIFICATION**

59825-5

The applicant has certified that no changes, other than those reported to the Agency have been made to the labeling. The Agency acknowledges this notification by letter dated:

## DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

**THIS PRODUCT IS TO BE USED ONLY FOR FORMULATING INTO OTHER FIFRA REGISTERED END USE PRODUCTS**

This product may be used to formulate:

1. Laundry sanitizers;
2. Products for any additional uses not listed on the MP label if the formulator, user group, or grower has complied with U.S. EPA data submission requirements regarding the support of such uses.

[Information in brackets [ ] is optional or instructional; italics in brackets indicate instructions not a part of labeling.]

Formulators using this product are responsible for obtaining EPA registration of their formulated products.

Note: TAED is not an active Antimicrobial unless in aqueous solution with a second “activating” ingredient, oxygen donors such as hydrogen peroxide, percarbonates, perborates, or persulfates. The second activating ingredient must be incorporated by the formulator.

#### STORAGE AND DISPOSAL

Do not contaminate food, feed or water by storage, disposal or by cleaning of equipment.

**Pesticide Storage** - store in a cool dry place away from sunlight. Avoid extremes of temperature.

**Pesticide Disposal** - Wastes resulting from use or storage of this product may be disposed of at an approved waste disposal facility. Dispose of in compliance with applicable State or Federal regulation.

**Container Handling** -

*[For Other Non-Rigid Nonrefillable Containers]*

Nonrefillable container. Do not reuse or refill this container. ~~Offer for recycling, if available.~~ Completely empty container by shaking or tapping sides and bottom to loosen clinging particles. ~~Add recovered particles to~~ Empty residue into application equipment. Offer for recycling if available or ~~Dispose~~ of in a sanitary landfill, or by other procedures ~~as~~ approved by state and local authorities.

*[For nonrefillable plastic containers less than or equal to 50 pounds]*

Nonrefillable container. Do not reuse or refill this container. Then offer for recycling if available or puncture and dispose of in a sanitary landfill, or by incineration.

*[For Nonrefillable Paper or Plastic Bags]*

Nonrefillable container. Do not reuse or refill this container. Completely empty bag into application equipment, then offer for recycling if available or dispose of empty bag in a sanitary landfill or by incineration.

[Information in brackets [ ] is optional or instructional; italics in brackets indicate instructions not a part of labeling.]

[Note to reviewer. Consistent with Chapter 18 section V of the label review manual. A container too small to contain all required label text may have text located on accompanying labelling. A condensed label will be affixed to the 2.2 pound package and the full label will be referenced and supplied with the 2.2 Pound package]
