NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

The following changes listed below pertain to the registration of this pesticide:

- a. Add the phrase "EPA Registration No. 59910-1."
 - b. Delete the phrase "(Contains less than 1% crystalline silica)." and the associated safety claim.
 - c. Add the phrase "Non-flammable." This phrase is an application of the hazard statement.
- The following information is provided for reference purposes only and is not to be used as a substitute for the actual label text as follows:

3. Provide the following product chemistry information:

- a. Submit the specific product chemistry and the data matrix for the product.
- b. Based on the current Confidential Statement of Formula (CSF) dated June 23, 1988, your product will not meet the label claim for the active ingredient. Please revise the label or the CSF so the information agrees.
- c. Provide the upper and lower limits, columns 14.a. and 14.b. on the CSF. Note: The lower limit must be the same as the label claim.

4. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.
