Dear Mr. Yeager:

Subject: Amendment - Additional Sites and Pests
Dia Fil 610
EPA Registration No. 59910-1
Your Application Dated March 31, 1993

The amendment referred to above, submitted in connection with registration under FIFRA sec. 3(c)(7)(A), is acceptable provided that you:

1. Submit and/or cite all data or other material required for registration/reregistration of your product under FIFRA sec. 3(c)(5) or FIFRA sec. 4 when the Agency requires all registrants of similar products to submit such data.

2. Make the labeling changes listed below before you release the product for shipment:

a. Add the following appropriate container disposal statement for products intended for the homeowner market:

When empty, close container and discard in trash.
Partially filled container may be disposed of by wrapping in several layers of newspaper and discard in trash.

3. Submit five copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

Sincerely yours,

George T. LaRocca

Hazards to Humans and Domestic Animals

CAUTION

Avoid contact with eyes. Use adequate ventilation and avoid breathing dust. If in eyes, flush eyes with plenty of water. Call a physician if irritation persists. Wear a dust mask when using this product during prolonged exposure.

STORAGE AND DISPOSAL

Storage: Store in a cool dry area.

Pesticide Disposal: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

Container Disposal: Completely empty bag into application equipment. Then dispose of empty bag in a sanitary landfill or by incineration, if allowed by State and local authorities. If burning, stay out of smoke.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For use with stored grain, including barley, buckwheat, corn, oats, rice, rye, sorghum grain, wheat, and mixtures of these grains.

Adjust moisture content of grain to not over 12% by weight, and add 7 lbs. of this product per ton of grain at the point of entry into storage. Treated grain may be reduced to a lower grade, have reduced flowability and test weight. For best results, treat grain immediately after harvest.

Dia Fil 610 Diatomaceous Earth is a mechanical insect killer. Insects cannot become immune to its action. Insects come in contact or ingest this powder and die within 48 hours.

Right Side Panel

Other Uses

Dia Fil 610 is intended for application with a hard duster, powder duster or other similar means for application to areas where crawling insects are found. Apply Dia Fil 610 to cracks and crevices with the use of a bulbous duster or other suitable equipment. Apply lightly and uniformly.

Indoor Use: Cockroaches, Ants, Earwigs, Millipedes and Centipedes, Crickets and Silverfish. Lightly coat a thin layer of Dia Fil 610 in areas where these pests are found or may hide such as cracks and crevices, behind and beneath refrigerators, cabinets, stoves, garbage cans and in and around sewer pipes and drains, window frames and in attics and basements. Dust insects directly if possible. Repeat treatment regularly.

Fleas: Thoroughly treat floor and bedding in and around pets' sleeping quarters. Treat surrounding cracks and crevices, baseboards, carpeting and wherever fleas are suspected.

Carpet Beetles: Dust along baseboards, carpet edges, under carpeting, furniture, in closets and shelving where these insects are seen or suspected.

Bedbugs: Dismantle bed. Use Dia Fil 610 in joints, crevices and where rungs are inserted. See that all interior areas are dusted. Dust mattresses especially fold and edges. All cracks and crevices in the bedroom should be treated.

Outdoor Use: Cockroaches, Earwigs, Grasshoppers, Ants, Crickets and other crawling insects: Lightly coat a thin layer of Dia Fil 610 in areas where these insects are found such as patios, outdoor sills, window and door frames. Dust around foundations, along ant trails and around sewer pipes and drains. Repeat treatment as necessary.

Manufacturer makes no warranty, expressed or implied, regarding the use of this product for any purposes other than those described on this label.
