Subject: Amendment Updating First Aid and Disposal Instructions per PR Notices
2001-1 and 2001-6
Insectigone® Crawling Insect Killer
EPA Reg. No. 59913-1
Your Submission Dated July 23, 2002

Dear Mr. Ehresman:

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable subject to the comment below. Two (2) copies of the finished labeling must be submitted prior to releasing the product for shipment. A stamped copy of the label is enclosed for your records.

1. You must add "and kept dry" to the last sentence of the first paragraph on page 2 so that the sentence reads: "INSECTIGONE® CRAWLING INSECT KILLER is an odorless, non-staining powder that remains effective in the control of insects as long as it is present and kept dry."

If you have any questions regarding this action, please contact Susan Stanton of my team at (703) 305-5218.

Sincerely,

A handwritten signature in cursive script that reads "Susan L. Stanton, for".

Net Wt. 7.0 oz (0.2kg.), 4 lb (1.81kg.)

Made in USA
Patent Nos. 1185172, 4386071

MASTER LABEL-BACK PANEL (Page #1 of 2)

INSECTIGONE® CRAWLING INSECT KILLER is made from a patented formula containing amorphous diatomaceous earth, known as silicon dioxide, and selected baits. Insects come into contact with the powder or ingest it and literally dry up and die within 48 hours. INSECTIGONE® CRAWLING INSECT KILLER is an odorless, non-staining powder that remains effective in the control of insects as long as it is present.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

DIRECTIONS: Unscrew cap and remove protective liner before using. Remove cap and cut tip above the top line with scissors or knife.

INDOOR USE: COCKROACHES, ANTS, EARWIGS, SILVERFISH, CRICKETS, MILLIPEDES, AND CENTIPEDES. Lift open spout to desired setting and lightly coat a thin layer of dust in the areas where these pests are found or may hide such as cracks and crevices, behind and beneath stoves, refrigerators, sinks, cabinets, garbage cans, around pipes and drains, window frames, and in attics and basements. Hit insects directly where possible. Repeat treatment as necessary.

FLEAS: Thoroughly dust floor area of pet's sleeping quarters, as well as surrounding cracks, crevices, baseboards, behind pictures and wherever presence of these insects is suspected.

CARPET BEETLES: Thoroughly dust along baseboards, edges of carpeting, under furniture, under carpeting and rugs and in closets and shelving or wherever these insects are seen or suspected.

BEDBUGS: Take bed apart. Dust into joints and channels. If hollow, such as square or round tubing, see that the interior of the framework is well dusted. Mattresses should be dusted, especially tufts, folds and edges. Picture frame molding and all cracks and crevices in the room should be treated.

OUTDOOR USE: EARWIGS, ANTS, CRICKETS, SLUGS, MILLIPEDES, AND CENTIPEDES. Lift open spout and lightly coat the areas where these pests are found or may hide including windows, door frames and sills, and outside of entrance ways. Repeat treatment as necessary.

DOMESTIC PET APPLICATIONS: For control of FLEAS and any other crawling insects that may be seen on dogs, puppies, cats, kittens, ferrets, horses, and other domestic pets. Hand apply a light coating of product against the grain of the fur or hair. Avoid getting dust in eyes. Apply directly to fleas and other insects when possible. Repeat as needed. Reapply after baths.

MASTER LABEL-BACK PANEL (Page #2 of 2)

Note: A 7 oz. container of Insectigone® Crawling Insect Killer will provide a thorough treatment for an average home or treat a garage and basement. This container is filled to proper weight, but variations in product density may cause varying fill levels.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION: Causes moderate eye irritation. Avoid contact with eyes. Avoid breathing dust. Use adequate ventilation. Wear suitable dust mask when using this product during prolonged exposure.

FIRST AID

If in eyes:

- Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact 1-800-858-7378 for emergency medical treatment.

STORAGE & DISPOSAL

Do not contaminate water, food or feed by storage and disposal.

Storage: Store in a cool dry area away from heat or open flame and inaccessible to children and pets.

Disposal:

If empty: Do not reuse this container. Place in trash or offer for recycling if available.

If partly filled: Call your local solid waste agency or 800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

Woodstream Corporation and its subsidiaries will not accept liability for damage or injury resulting from use not in accordance with label instructions.
