Washington, D.C. 20460

EPA Reg. Number  
59913-2  
Date of Issuance  
FEB 26 2004

Term of Issuance  
Conditional

Name of Pesticide Product:  
Safer® Brand Rose &  
Flower Insect Killer

NOTICE OF PESTICIDE:

- Registration
- Reregistration

Section 701, as amended

Name and Address of Registrant (include ZIP Code):  
  
Nathan P. Ehresman  
Regulatory Affairs Manager  
69 N. Locust Street  
Lititz PA. 17543-0327

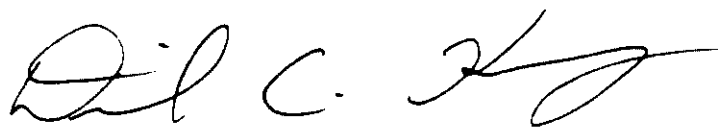

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.  
  
Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Revise the EPA Registration Number to read, "EPA Reg. NO. 59913 -2".
2. Within one year of the date of this notice, submit one year storage stability (830.63170 ) study and corrosion characteristics data (830.6320).
3. Submit one copy of the revised final printed label incorporating the comments indicated above, before releasing the product for shipment.

Signature of Approving Official:  
  
  
  
Daniel C. Kenny, Product Manager (01)  
Insecticide-Rodenticide Branch  
Registration Division (7505C)

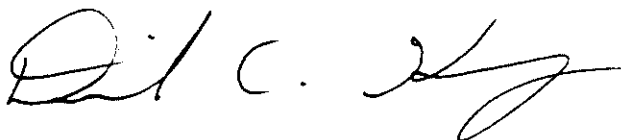

Date:

2/6

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec 6(e). Your release for shipment of the product constitutes acceptance of these conditions. A detailed product chemistry and acute tox reviews are also enclosed for your records.

If you have any questions or comments about this letter, please contact Stephanie Nguyen at 703-605-0702.

Sincerely,

A handwritten signature in black ink, appearing to read "D. C. Kenny". The signature is fluid and cursive, with a large, sweeping flourish at the end.

Daniel C. Kenny, Product Manager (01)  
Insecticide Rodenticide Branch

(See back panel for additional precautionary statements)

Net contents: 8 fl. oz, 12 fl. oz, 16 fl. oz., 24 fl. oz., 64 fl. oz., 1 gal (128 fl. oz.)

General:

Safer® Brand Rose & Flower Insect Killer is a contact insecticide that provides rapid mortality of susceptible insects. Safer® Brand Rose & Flower Insect Killer quickly penetrates the insect's body and disrupts the normal function of both cells and membranes. The net effect of this unique action is that the contents of the cells are lost and rapid death occurs. Safer® Brand Rose & Flower Insect Killer is active only in the liquid state and only as a contact spray. No insecticidal activity should be expected once the spray solution has dried. As is common with most contact insecticides, Safer® Brand Rose & Flower Insect Killer is effective on adult and immature stage of susceptible insects.

Safer® Brand Rose & Flower Insect Killer is a pure soap consisting of 1.50% potassium salts of fatty acids manufactured by treating selected natural fatty acids with a potassium base. The inert ingredients are a combination of water and alcohol, and a pleasant citrus fragrance.

EPA Reg. No. 059913-E  
Draft Master Label

*MASTER LABEL- BACK PANEL (Page 1 of 3)*

Safer® Brand Rose & Flower Insect Killer is an effective spray that kills aphids, mites and other insects on roses, flowers, shade trees and ornamental plants.

Safer® Brand Rose & Flower Insect Killer is a specially formulated combination of fresh scented aromatics and insecticidal soaps. These ingredients kill pests and provide a pleasant, fresh fragrance, and are gentle on blossoms.

**EFFECTIVE AGAINST:** All Mites, Aphids, Crickets, Earwigs, Lace Bugs, Leaf Feeding Caterpillars and Beetles, Leafhoppers, Mealybugs, Plant Bugs, Scale Crawlers, Thrips, Whiteflies.

**DIRECTIONS FOR USE:**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Shake well before use. Safer® Brand Rose & Flower Insect Killer provides best control when insects are newly hatched. Apply at first sighting of insects. Thorough coverage of both the tops and bottoms of leaves is important. Spray leaves to the point of run off. Apply every 5 to 7 days when insects are present.

**NOTE:** Do not use on delicate Ferns, Nasturtiums, Sweetpeas or Violets, Mountain Ash, Japanese Maple, Horse Chestnut, or newly planted cuttings.

**WHAT IT IS:** Safer® Brand Rose & Flower Insect Killer is a specially formulated combination of insecticidal soap and aromatics. These combined ingredients kill pests yet are gentle on most blossoms and provide a pleasant, fresh fragrance.

**WHAT IT KILLS:** Aphids, Beetles (leaf-feeding), Caterpillars (leaf-feeding), Crickets, Earwigs, Lace Bugs, Leafhoppers, Mealybugs, Mites, Plant Bugs, Scale Crawlers, Thrips and Whiteflies.

**WHERE TO USE IT:** Roses, Flowers, Shade Trees, and Ornamental Plants.

**HOW TO USE IT:** Shake Well. Use at first sighting of insects. Thorough coverage of both top and bottom leaves is important. Spray leaves to the point of run off. Apply every 5 to 7 days when insects are present.

**DO NOT USE** on delicate ferns, nasturtium, sweetpea or violet, mountain ash, Japanese maple, horse chestnut, or newly planted cuttings.
