MASTER LABEL-BACK PANEL (Page # 1 of 5)

General: Safer ® Brand O-SAP READY-TO-USE SPRAY II is a patented formula that utilizes insecticidal soap to desiccate the cuticle of the insect, plus pyrethrins to attack the insect's nervous system. The combination of these ingredients is synergistic (the effect of the two ingredients together is greater than either used individually). The result is a more reliable insecticide with the benefit of immediate kill from pyrethrum.
