NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)C provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Make the following label changes before you release the product for shipment:
 - a. Add the phrase "EPA Registration No. 59974-1" to your label.
 - b. It appears that there is a typographical error on the label that you submitted for review on July 19, 1990. You may want to change the statement "Special King Vapor-Generating Mosquito" to efficiently kill mosquitoes in rooms up to 2,200 cu. ft. (approximately 12 x 10 x 9 feet)." to read as follows: "Special King Vapor-Generating Mosquito" to efficiently kill mosquitoes in rooms up to 2,200 cu. ft. (approximately 15 x 12 x 9 feet)."

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Tear seal, remove mat, place into electric heater and then plug into electrical outlet. Special King Vapor-Generating Mosquito Mats efficiently kill mosquitoes in rooms up to 2,300 cu. ft. (approximately 19 x 9 feet). One mat lasts ten hours. The mat turns white when active ingredients are exhausted. To change mat, unplug heater and turn upside down, allowing mat to fall out.

For indoor use only when mosquitoes are a nuisance.

Do not use in rooms when people are asleep.
