

U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Registration Division (H7505C)
401 "M" St., S.W.
Washington, D.C. 20460

EPA Reg. Number:
60061-82

Date of Issuance:
MAY 25 1983

NOTICE OF PESTICIDE:
 X Registration
 Reregistration

Term of Issuance: Until Reregistration

Name of Pesticide Product:
Timbertreat 4WT
Insecticide Wood
Treatment Concentrate

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

Kop-Coat, Inc.
436 Seventh Avenue
Pittsburgh, Pennsylvania 15219

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.

2. Make the following label changes:

- a. Revise the EPA Registration Number to read, "EPA Reg. No. 60061-82".
- b. In the Statement of Practical Treatment for "If In Eyes," delete the phrase "...for 15 minutes."
- c. In the Environmental Hazards section, replace the phrase "disposal of waste" with "disposal of equipment washwaters."

Signature of Approving Official:

DENNIS H. EDWARDS

Date:

MAY 25 1983

page 2
EPA Reg. No. 60061-82

3. Submit five copies of the revised final printed label for our records.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Note that this acceptance of your label does not relieve you of your obligation to comply with the Worker Protection Standard. If any of your products are covered by this standard, you are required to submit, and receive the Agency's approval by April 21, 1994, a revised label reflecting the required label statements of 40 CFR 156, published in the FEDERAL REGISTER on August 21, 1992 (57 FR 38102). Further guidance will be issued. According to 40 CFR 156, subpart K, "No product to which this subpart applies shall be distributed or sold without amended labeling by any registrant after April 21, 1994." Please call 1-800-777-2185 if you have any labeling questions regarding the Worker Protection Standard.

Sincerely,

DENNIS H. EDWARDS

KOP-COAT

TIMBERTREAT® 4 WT

Insecticide Wood Treatment Concentrate

For Control of Wood-Infesting Insects in Lumber and Logs

For Industrial and Commercial Use Only

Active Ingredient(s):

Chlorpyrifos (O,O-diethyl O-(3,5,6-trichloro-2-pyridyl) phosphorothioate) 44.9%
Inert Ingredients: 55.1%

Contains 4 pounds of chlorpyrifos per gallon

E.P.A. Registration No. 60061-

E.P.A. Est. 60061-MD-5

KEEP OUT OF REACH OF CHILDREN

WARNING

AVISO:

PRECAUCION AL USUARIO:

Si usted no lee ingles, no use este producto hasta que la etiqueta le haya sido explicada ampliamente.

PRECAUTIONARY STATEMENTS
Hazards to Humans and Domestic Animals

MAY BE FATAL IF SWALLOWED

• EXCESSIVE ABSORPTION

THROUGH SKIN MAY BE FATAL

• CAUSES SUBSTANTIAL BUT

TEMPORARY EYE INJURY

• CAUSES SKIN IRRITATION

Do Not Get In Eyes, On Skin Or Clothing • Wear Eye Protection • Avoid Breathing Vapors And Spray Mist • Handle Concentrate in A Ventilated Area • Wear Protective Clothing And Chemically Resistant Gloves When Handling • Wash Thoroughly With Soap And Water After Handling And Before Eating Or Smoking • Remove Contaminated Clothing And Wash Before Reuse • Keep Away From Food, Feedstuffs And Water Supplies

STATEMENT OF PRACTICAL TREATMENT: If

Swallowed: Call a physician or Poison Control Center immediately. Do not induce vomiting. Contains an aromatic petroleum solvent. Do not give anything by mouth to an unconscious person. **If On Skin:** Immediately wash with plenty of soap and water. Get medical attention. **If In Eyes:** Flush with plenty of water for 15 minutes. Get medical attention. **If Inhaled:** Remove to fresh air if symptoms of cholinesterase inhibition appear and get medical attention immediately.

NOTE TO PHYSICIAN: Chlorpyrifos is a cholinesterase inhibitor. Treat symptomatically. If exposed, plasma and red blood cell cholinesterase tests may indicate significance of exposure (baseline data are useful). Atropine, only by injection, is the preferable antidote. Oximes, such as 2-PAM/protopam, may be therapeutic if used early; however, use only in conjunction with atropine. In case of severe acute poisoning, use antidote immediately after establishing an open airway and respiration.

Physical or Chemical Hazards

COMBUSTIBLE • Do Not Use or Store Near Heat or Open Flame • Do Not Cut or Weld Container

Environmental Hazards

This pesticide is toxic to birds and wildlife, and extremely toxic to fish and aquatic organisms. Do not apply directly to water. Drift and runoff from treated areas may be hazardous to aquatic organisms in adjacent aquatic sites. Cover or incorporate spills. Do not contaminate water by cleaning of equipment or disposal of waste.

NOTICE

Read and understand the entire label before using. Use only according to label directions.

Before buying or using this product, read "LIMIT OF WARRANTY AND LIABILITY" elsewhere on this label. If terms are not acceptable, return unopened package at once to seller for full refund of purchase price paid. Otherwise, use by the buyer or any other user constitutes acceptance of the terms under "LIMIT OF WARRANTY AND LIABILITY".

Under the Federal Insecticide, Fungicide, and Rodenticide Act as amended, this pesticide registered under EPA Reg. No.

60061-82

FRONT PANEL

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Do not formulate this product into other end-use products.

Treatment of Preconstruction Lumber and Logs

General Information: TIMBERTREAT[®] 4 WT insecticide can be diluted with water or suitable base oil. To prepare the mixture, dilute TIMBERTREAT[®] 4 WT as shown in the following Dilution Chart.

Dilution Chart

Gallons of Mixture Desired	Gallons of TIMBERTREAT [®] 4 WT To Use	
	0.5% Mixture	1.0% Mixture
Oil or Water Based Mixture		
50	1/2	1
100	1	2
250	2 1/2	5
500	5	10
1000	10	20

Directions for Application

To protect unseasoned or seasoned lumber and logs from wood destroying insects, such as termites, carpenter ants and beetles (ambrosia, powder-post, old house borers and others), treat the wood with up to a 1.0% dilution of chlorpyrifos. This dilution can be applied by spraying, brushing, dipping or pressure treatment. Monitoring of the treating mixture may be necessary to insure that the desired level of chlorpyrifos is maintained. Wear protective clothing and chemically resistant gloves during treatment and when handling freshly treated wet wood. Wood can be safely handled after treatment when dry.

1. Dip Treatment. Rates of 0.5% to 1.0% are recommended for dip treatments to insure adequate retentions. The wood should be totally submerged in the dilution until thoroughly wet and then allowed to dry in a suitable location. Dipping solutions to which TIMBERTREAT[®] 4 WT has been added should be agitated before use if left unused for a period of time.
2. Pressure Treatment. Rates of 0.25% to 0.5% are recommended for adequate penetration and retention. After the pressure is released and the system drained, the wood should be placed in a suitable location for drying.
3. Spray Treatment and Brush Treatments. Rates of 0.5% to 1.0% are recommended for spray and brush treatments. The wood should be sprayed or brushed thoroughly, including back and ends, with the treating mixture.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

Storage: Store in original container in secured dry storage area. Prevent cross-contamination with other pesticides and fertilizers. Do not store above 100°F for extended periods of time. Storage below 20°F may result in formation of crystals. If product crystallizes, store at 50 to 70°F and agitate to redissolve crystals. If container is damaged or spill occurs, use product immediately or dispose of product and damaged container as indicated below.

Pesticide Disposal: Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

Container Disposal: Triple rinse (or equivalent). Then dispose of in a sanitary landfill, or by incineration, or, if allowed by local authorities, by burning.

WARRANTY LIMITATIONS AND DISCLAIMER

This company warrants that this material conforms to the chemical description on the label and is reasonably fit for the purposes referred to in the directions for use. This product is sold subject to the understanding that the buyer assumes all risks of use or handling of this material not in strict accordance with the directions given herewith which are beyond the control of the seller, such as for example incompatibility with other products and the manner of its use of application. NO OTHER EXPRESSED OR IMPLIED WARRANTY OF FITNESS OR MERCHANTABILITY IS MADE. The exclusive remedy of the buyer, and the limit of liability of this company or any other seller for any and all losses, injuries or damages resulting from the use or handling of this product shall be the purchase price paid by the user or buyer for the quantity of this product involved. The buyer and all users are deemed to have accepted the terms of this notice which may not be varied by any verbal or written agreement.
