Pittsburgh, PA 15219-1818

Subject: **SSCC-3359 Sap Stain Control**  
EPA Registration Number 60061-88  
Application dated November 14, 2002

Dear Dr. Ross:

The following amendments, submitted in connection with registration under section of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, are acceptable with comments.

**Proposed Amendments**

- Revised labeling

**General Comments**

1. "The keep Out of Reach of Children and its signal word must be placed below the ingredient statements; also
2. The product contains the active ingredient 0.347 lbs/gal. must be placed directly under the ingredient statement.

Refer to EPA letter dated September 10, 2001.

**Other Comments**

A stamped copy of the accepted labeling is enclosed. Submit three (3) copies of your final printed labeling before distributing or selling the product bearing the revised labeling.

Should you have any questions or comments concerning this letter, please contact me at (703) 308-6422 or Renae Whitaker at (703) 308-7003.

Sincerely,

  
  
Adam Heyward  
Product Manager 34  
Regulatory Management Branch II  
Antimicrobials Division (7510C)

Enclosure

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**GENERAL PRECAUTIONS AND RESTRICTIONS:**

**FOR INDUSTRIAL USE ONLY**

**DILUTE BEFORE USING**

Do not apply this product in a way that will contact workers or other persons.

Apply this product only as specified on this label.

Wear rubber gloves and protective clothing when handling freshly treated lumber.

**GENERAL INFORMATION:**

**Description:** SSCC-3359 Sap Stain Control is a liquid concentrate containing an effective fungicide for the control of sap stain and surface staining fungi that cause discoloration and staining of freshly sawn lumber. SSCC-3359 Sap Stain Control is an aqueous solution which may be applied to dimensional lumber, plywood and particle board to prevent surface mold growth.

**Dilution Ratio:** SSCC-3359 Sap Stain Control is a concentrate dilutable with water. For lumber 2" or less in thickness, use 1 gallon of Concentrate per 150 gallons of water to protect against sap staining organisms during protected storage periods. For lumber thicker than 2" or where temperature and humidity conditions promote severe sap stain, use 1 gallon of concentrate per 100 gallons of water, or 1 gallon per 75 gallons of water. For spray systems use 1 gallon of concentrate per 10 to 100 gallons of water.

**APPLICATION INSTRUCTIONS:**

**Application:** Flood spray or dip the freshly sawn clean lumber to be treated in SSCC-3359 Sap Stain Control solution within 24 hours after cutting. A dip of 15 seconds or more is sufficient. If not treated within 24 hours, stain may occur.

Lumber should be totally immersed or sprayed to insure treatment. Tanks should be covered by a roof to prevent the addition of rain water and consequent dilution of the solution. Vats and spray equipment should be cleaned regularly to remove sawdust and other debris. Freshly treated lumber should not be exposed to water. Store in protected area from rain and stack properly for best results.

**Clean Up:** Use water to clean immersion tanks, spray equipment and surrounding area. Soapy water may be required to remove SSCC-3359 Sap Stain Control from floors and equipment.

**STORAGE AND DISPOSAL**

Do not contaminate water, food, or feed by storage or disposal.

**Pesticide Storage:** Store in a closed, properly labeled container in a cool place. If static generating conditions exist, provide necessary grounding and bonding. Keep containers closed when not in use.

**Pesticide Disposal:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

**Container Disposal:** Triple rinse (or equivalent), then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

**PHYSICAL OR CHEMICAL HAZARDS**

**COMBUSTIBLE.** DO NOT use, pour, spill or store near heat or open flame.

**KOP-COAT**

**SSCC-3359 Sap Stain Control**

**CONCENTRATE**

Before Using, Read Directions Under Dilution Ratio

**KEEP OUT OF REACH OF CHILDREN  
WARNING**

See side panel for additional precautionary statements.

Read Warranty On Side Panel Before Buying Or Using. If Such Terms Are Not Acceptable, Return At Once Unopened.

NET CONTENTS

U.S. GALLONS

**PRECAUTIONARY**

**HAZARDS TO HUMANS**

**WARNING.** Causes substantial but temporary irritation if absorbed through skin or inhaled. Do not get on skin. Avoid breathing vapors or spray mist.

**PERSONAL PROTECTION**

Applicators and other handlers must wear:

1. long-sleeved shirt and long pants
2. shoes plus socks
3. goggles or face shield
4. chemical-resistant gloves (such as barrier gloves and viton)

Follow manufacturers' instructions for use. If special instructions exist for washables, use detergent separately from other laundry.

**USER SAFETY RECOMMENDATIONS**

- Users should:
- Wash hands before eating, drinking, chewing gum, or using the toilet.
  - Remove clothing immediately if pesticide gets on it. Wash thoroughly and put on clean clothing.
  - Remove personal protective equipment before eating, drinking, or handling this product. Wash outside of clothing before reuse. As soon as possible wash thoroughly.

**ENVIRONMENTAL HAZARDS**

This pesticide is toxic to fish. Do not apply where surface water is present or to intertidal areas. Do not contaminate water when disposing of this product or other water unless in accordance with the National Pollution Discharge Elimination System (NPDES) permit. Notify in writing prior to discharge. Do not discharge into navigable waters without previously notifying the local sewerage authority or your State Water Board or Regional Water Quality Control Board.

**WARRANTY**

We warrant this material to comply with good merchantable quality and such as described within the description, and further warrant that the goods are fit for any purposes which goods are used. We are not concerned in this contract are fit for any purposes other than the general purposes of the goods.

PPD 13403 R04 1102

**ACCEPTED**  
with **COMMENTS**  
EPA Letter Dated:

JAN 29 2003

Under the Federal Insecticide, Fungicide, and Rodenticide Act amended, for the pesticide, registered under EPA Reg. No.
