

**DIRECTIONS FOR USE**

It is a violation of Federal Law to use this production in a manner inconsistent with its labeling.

**GENERAL PRECAUTIONS AND RESTRICTIONS**

Apply this product only as specified on the label.  
 Do not apply this product in a way that will contact workers or other persons.  
 Do not use on wood that will be in contact with food, feed or potable water.  
 Due to the presence of petroleum distillates in this product, do not use where dairy cattle or livestock can come into contact with treated wood.  
 Do not use this product where any portion of the treated wood will be below ground.

Sealers are necessary if frequent or prolonged dermal contact is expected.  
 Applying paints and stains often result in splashing or dripping. Cover desirable plants and shrubs to protect against possible injury.

**GENERAL INFORMATION**

This product can be used for all above ground applications.  
**Uses:** Woodlife® Milltreat Type F VM&P provides a protective, decorative finish for millwork, siding, fences, decks, patios and other wood products.  
**Coverage:** 100 to 150 sq. ft./gal. Depending on the porosity of the wood.

**Preparation:**  
 Cut and machine wood prior to treatment if possible. If not, liberally apply two coats of preservative to all joints, cracks, holes, or other openings.  
 For best results, all cutting, gluing and sanding should be done before applying Woodlife® Milltreat Type F VM&P. Wood must be clean, dry, and free from foreign material. This product can be used on unfinished new wood or unfinished weathered wood.  
 Stains and paints should be stripped for best results. Do not use steel wool. If mildew is present, remove by washing with a 50% dilution of household bleach followed by water. If extractive bleeding has occurred, scrub with a diluted solution of oxalic acid (1/4 lb. per gallon of water) and then wash at once with clear water. Always wear rubber gloves, protective clothing, and goggles when using bleach and oxalic acid.

Allow surface to dry before applying.

**APPLICATION INSTRUCTIONS**

For best results and uniformity of appearance, retreat once every three years.

**Application:**

1. Stir well before using. No thinning is required. The temperature of the wood and the Woodlife® Milltreat Type F VM&P should be 40°F or above.
2. This product may be applied only by dipping, roller, or brush. Do not spray. When roller coating, use a brush to finish edges and grooves. Be sure to brush thoroughly so that all surfaces are completely wetted and covered. Coat side and end grain of wood with consecutive coats until thirst for solution has been filled. If two coats are desired, be sure to apply second coat before the first coat has dried.
3. Any surface cut after treatment should be retreated.

**Drying Time:** A minimum of 24 - 48 hours depending on conditions and method of application. On humid days, longer drying time may be required.

**Clean Up:** Use mineral spirits to remove wet Woodlife® Milltreat Type F-VM&P from all surfaces, brushes and rollers

**PRECAUTIONARY STATEMENTS  
HAZARDOUS TO HUMANS AND DOMESTIC ANIMALS**

**CAUTION.** Causes moderate eye irritation. Avoid contact with eyes, skin, or clothing.

**PERSONAL PROTECTIVE EQUIPMENT (PPE)**

Applicators and other handlers must wear:

- long-sleeved shirt and long pants
- chemical resistant gloves (such as barrier laminate, nitrile rubber, neoprene rubber and viton)
- shoes plus socks

Follow manufacturers' instructions for cleaning/maintaining PPE. If no such instructions exist for washables, use detergent and hot water. Keep and wash PPE separately from other laundry.

**USER SAFETY RECOMMENDATIONS**

Users should:

- Wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet.
- Remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.
- Remove personal protective equipment immediately after handling this product. Wash outside of gloves before removing. As soon as possible wash thoroughly.

**ENVIRONMENTAL HAZARDS**

This product is toxic to fish. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other water unless in accord with the requirements of a National Pollution Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA. Do not apply directly to water or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwaters or rinsate.

**PHYSICAL OR CHEMICAL HAZARDS**

**COMBUSTIBLE:** Do not use, or store near heat or open flame. In case of fire, use water, fog, foam, carbon dioxide or dry chemical. Cool closed containers with water.

**LIMIT OF WARRANTY AND LIABILITY**

We will warrant this material to comply with our published specifications and to be of good merchantable quality and such will regularly pass in the trade for goods within the description, and further warrant such goods to be fit for the normal purposes which goods are used. We assume no responsibility that the goods concerned in this contract are fit for any particular purpose for which they are being bought outside of the general purposes of goods of the description.
