 <p>U.S. ENVIRONMENTAL PROTECTION AGENCY Office of Pesticide Programs Registration Division (7505C) 401 "M" St., S.W. Washington, D.C. 20460</p> <p>NOTICE OF PESTICIDE: <u>      </u> Registration <u>  X  </u> Reregistration</p> <p>(under FIFRA, as amended)</p>	EPA Reg. Number:	Date of Issuance:
	60061-91	FEB - 8 2000
	Term of Issuance:	
Name of Pesticide Product:		
Woodlife® 4:1 Concentrate-Clear		
Name and Address of Registrant (include ZIP Code):		
Kop-Coat, Inc. 436 Seventh Avenue Pittsburgh, PA 15219-1818		
<p><b>Note:</b> Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.</p> <p>On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistration under the Federal Insecticide, Fungicide and Rodenticide Act.</p> <p>Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.</p> <p>Based on your response to the Reregistration Eligibility Document, the reregistration of the above named product is dependent on (1) the label related recommendations itemized in the succeeding paragraphs and (2) the submission, review and acceptance of the of the two outstanding Toxicology studies, GDLNs 81-8 &amp; 82-7. This action is taken under the authority of section 4(g)(2)(C) of the Federal Insecticide, Fungicide, and Rodenticide Act, as amendment.</p> <p>Reregistration under this section does not eliminate the need for pesticides, EPA may require submission of data at any time to maintain the registration of your product.</p> <p>The changes in the following recommendations (Revision of label) must made before the product is release for shipment.</p>

EPA Reg. No. 60061-91

**Recommendations**

The Subject product requires significant revisions in order to conform with the RED, Technical Reviews and Agency label policies (See Appendices I & II)

The subject product label does not contain risk mitigation labeling requirements as specified in the RED.

- The Application Restriction must be added to the label.
- The User Safety Recommendations must be added to the label.
- The FIRST AID statements must be modified as specified in Appendix I
- The Precautionary Statement under Hazards and Domestic Animals must be modified as specified in Appendix I.

The subject product does not contain the required labeling as specified by 40 CFR Part 156.10 PR Notice and the Label Review Manual.

- The Environmental Hazards statement must be modified.
- The Product Name modified.

The purposes of clarity and consistency with other labels, the following changes must be made:

- The "Storage and Disposal" be enclosed in a box and be placed directly below the Violation of Federal Law text.
- "General Information" subheading be added and placed directly under the Storage and Disposal box.
- "General Precautionary and Restrictions" be added and placed directly under the "General Information" section.
- "Application Instructions" be added to the label and placed directly below "General Precautionary and Restriction" section.

**See the attached appendix I and II for further details.**

A stamp copy of the product label is enclosed for your records. Please ensure that five (5) copies of the final printed labeling are submitted and accepted before the product is released for shipment.

page 3 of 3

Reg No. 60061-91

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

Sincerely,

Adam Heyward  
Product Manager 34  
Regulatory Management Branch II  
Antimicrobials Division (7510W)

FOR INDUSTRIAL USE ONLY

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

BEFORE USING, DILUTE BY ADDING 4 PARTS OF MINERAL SPIRITS TO 1 PART CONCENTRATE

DESCRIPTION: This product is a clear, penetrating, paintable, water repellent preservative for wood. It protects against decay fungi (like brown or white rot), staining fungi, surface mold (like black, brown or other colored mildew) and dimensional change.

PRODUCT USES: Millwork, shingles, siding, plywood, hardboard, flakeboard, structural lumber, fences and outdoor furniture. DO NOT USE ON WOOD WHICH WILL COME IN CONTACT WITH FOOD. DO NOT USE ON WOOD WHICH WILL COME IN CONTINUOUS CONTACT WITH THE SKIN UNLESS THE WOOD IS SEALED WITH PAINT, VARNISH OR SHELLAC AFTER TREATMENT. Keep container closed when not in use.

RETENTION: 3 minute immersion - 5 to 10 gallons per MBF, 30 minute immersion - 10 to 15 gallons per MBF. Brush application - 150 sq. ft. per gallon but varies by species and condition of the substrate.

PREPARATION: Machine, cut, glue and sand wood as desired before treating. Do not use over previously finished or stained wood without stripping off old finish. Do not use steel wool. Wood must be clean and dry.

APPLICATION: Treating solution, wood and surrounding air must be above 40°F (4.4°C). Apply by immersion, roller coater, flood spray or brush. Do not use high pressure spray. Any surface cut after first treatment should be retreated.

IMMERSION: Millwork or other items to be painted - 3 minutes. Treatment should be in accordance with Industrial Standard IS-4. Use only on items for above ground exposure.

FINISHING: Before glazing, painting or varnishing, treatment should be completely dry and odor free. Allow 24 to 48 hours under average temperature and humidity conditions. Can be heat-dried for plant production. Use a sealer such as shellac before using lacquers.

CLEAN UP: Use mineral spirits to clean immersion tanks, spray equipment and surrounding area. Mineral spirits or paint thinner may be required to remove dried product.

ACCEPTED  
WITH COMMENTS  
in EPA Letter Dated:  
FEB - 8 2000

Under the Federal Insecticide,  
Fungicide, and Rodenticide Act as  
amended, this pesticide,  
registered under EPA Reg. No. 60061-91

## PRECAUTIONARY STATEMENTS

### HAZARDS TO HUMANS AND DOMESTIC ANIMAL

**CAUTION** Harmful if swallowed, inhaled or absorbed through skin. Avoid contact with skin, eyes or clothing. Avoid breathing vapor or spray mist. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse. Wear goggles and rubber gloves when handling, and rubber gloves and protective clothing when handling freshly treated lumber.

### ENVIRONMENTAL HAZARDS

This product is toxic to fish. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when cleaning equipment or disposing of equipment washwaters.

### PHYSICAL OR CHEMICAL HAZARDS

**COMBUSTIBLE.** Do not use or store near heat or open flame.

### STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

**Pesticide Storage:** Store in a closed, properly labeled container in a cool place. If static generating conditions exist, provide necessary grounding and bonding. Keep containers closed when not in use.

**Pesticide Disposal:** Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

**Container Disposal:** Triple rinse (or equivalent), then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill or by other procedures approved by state and local authorities.

**WARRANTY:** We warrant this material to comply with our published specifications and to be of good merchantable quality and such as will regularly pass in the trade for goods within the description, and further warrant such goods to be fit for the normal purposes which goods are used. We assume no responsibility that the goods concerned in this contract are fit for any particular purpose for which they are being bought outside of the general purposes of goods of the description.
