EPA Reg. No. 60061-100

Submit one copy of the revised final printed label before releasing the product for shipment.

If the conditions enumerated above are not complied with, the registration will be subject to cancellation in accordance with FIFRA Section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records. Please contact me on (703) 308-6742 if you have questions regarding this registration.

Sincerely,

Dennis McNeilly, Chemist
Insecticide-Rodenticide Branch
Registration Division (7505C)

Enclosure 1) Stamped Label

FOR INDUSTRIAL USE ONLY

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Apply this product only as specified on the label. Apply this product in a well ventilated area. (Note to User: Keep container closed when not in use!)

USES: Millwork, shingles, siding, plywood, hardboard, flakeboard, structural lumber, fences and other wood products. Keep contents and freshly treated articles away from food and living plants. DO NOT USE ON WOOD WHICH WILL COME IN CONTACT WITH FOOD. Do not use on wood which will come into continuous with the skin unless the wood is sealed with paint, varnish or shellac after application. Keep container closed when not in use.

RETENTION: 3 minute immersion - 5 to 10 gallons per MBF (i.e., 1,000 board feet). Brush application - 150 sq. ft. per gallon but varies with species and condition of the substrate.

PREPARATION: Machine, cut, glue and sand wood as desired before treating. Do not use over previously finished or stained wood without stripping off old finish. Do not use steel wool. Wood must be clean and dry.

APPLICATION: Treating solution, wood and surrounding air must be above 40°F (4.4°C). Apply by immersion, vacuum, roller coater, flood spray or brush. Do not use high pressure spray. Any surface cut after first treatment should be retreated.

IMMERSION: Millwork or other items to be painted - 3 minutes. Treatment should be in accordance with WDMA Standard IS-4, and AWPA Standard N2. Use only on items for above ground exposure.

FINISHING: Before glazing, painting or varnishing, treatment should be completely dry and odor free. Allow 24 to 48 hours under average temperature and humidity conditions. Can be heat-dried for plant production. Use a sealer such as shellac before using lacquers.

CLEAN UP: Use mineral spirits to clean immersion tanks, spray equipment and surrounding area. Mineral spirits or paint thinner may be used to remove dried Woodlife®.

NOTICE: This product contains chemicals known to the State of California to cause cancer, birth defects or other reproductive harm.

ACCEPTED

WOODLIFE® F - 4WT

Wood Preservative/Insect Control Treatment

PRODUCT INFORMATION

Woodlife® F - 4WT Wood Preservative/Insect Control Treatment is a blend of chemicals with the protection of an effective water repellent wood preservative and insecticide.

Woodlife® F - 4WT Wood Preservative/Insect Control Treatment penetrates into wood and controls the growth of decay fungi (like brown or white rot), staining fungi, surface mold (like black, brown or other colored mildew) and wood destroying insects like termites, carpenter ants and beetles. It stabilizes wood against the effects of moisture and reduces dimensional change that can cause swelling, warping and splitting. No unpleasant odor. Will not crack, blister or peel.

Woodlife® F - 4WT is a clear penetrating non-swelling paintable water repellent for natural wood surfaces. It is ready to use, colorless when dry.

Meets requirements of WDMA and AWPA Millwork Standards.

KEEP OUT OF THE REACH OF CHILDREN

CAUTION

See side panel for additional precautionary statements.

READ WARRANTY ON SIDE PANEL BEFORE
BUYING OR USING. IF SUCH TERMS ARE NOT
ACCEPTABLE, RETURN AT ONCE UNOPENED.

EPA Reg. No. 60061-
EPA Est. No. 60061-MO-1

ACTIVE INGREDIENT:

3-Iodo-2-Propynyl	
Butyl Carbamate.....	0.50%
Chlorpyrifos [0,0-diethyl 0- (3,5,6-trichloro-2-pyridyl) phosphorothioate].....	0.10%
Other Ingredients.....	99.40%
Total.....	100.00%

FIRST AID:

IF SWALLOWED: Call a doctor or get medical attention. Do not induce vomiting. Do not give anything by mouth to an unconscious person. Avoid alcohol.

IF ON SKIN: Wash with plenty of soap and water. Get medical attention.

IF INHALED: Remove victim to fresh air. If not breathing, give artificial respiration, preferably mouth-to-mouth. Get medical attention.

IF IN EYES: Flush eyes with plenty of water. Get medical attention if irritation persists.

NOTE TO PHYSICIAN: Chlorpyrifos is a cholinesterase inhibitor. Treat symptomatically. If exposed, plasma and red blood cell cholinesterase tests may indicate significance of exposure (baseline data are useful). Atropine only by injection, is the preferable antidote. Oximes, such as 2-PAM/protopam, may be therapeutic if used early; however, use only in conjunction with atropine. In case of severe acute poisoning, use antidote immediately after establishing an open airway and respiration.

HAZARDS

CAUTION

Harmful if swallowed. Contact with skin, eyes, or clothing may irritate. Remove contaminated clothing and wash thoroughly with soap and water. Wear gloves when handling. Handle freshly treated wood with care.

ENVIRONMENT

This product is toxic to aquatic life. Do not discharge into surface water. Do not use near water. Do not dispose of equipment used for application.

PHYSICAL OR CHEMICAL

COMBUSTIBLE

STORAGE AND HANDLING

Do not contaminate clothing or skin.

PESTICIDE STORAGE

Store in a cool place. If spilled, clean up immediately. Grounding and bonding is required.

PESTICIDE DISPOSAL

Do not dispose of excess pesticide, spray equipment, or other wastes in a way that will contact your State Hazardous Waste Regulations. Follow local, State, and Federal guidance.

CONTAINER DISPOSAL

Recycle or recondition if possible. Do not incinerate or burn. If burned, stay out of smoke.

WARRANTY

We warrant that this product meets the specifications and that it will perform as advertised. We assume no responsibility for any particular performance for general purposes of use.
