**Subject: Notification of Additional Brand Name
Woodlife ® 111 Water Repellent Wood Preservative
EPA Registration Number 60061-103**

Dear Mr. Swindell

Kop-Coat, Inc. wishes to submit a Notification of Additional Brand Name per PR Notice 98-10 for the referenced product. The new name will be:

Woodtreat @-111 Special

This notification is consistent with the provisions of PR Notice 98-10 and EPA regulations at 40 CFR 152.46, and no other changes have been made to the labeling or confidential statement of formula of this product. I understand that it is a violation of 18 U.S.C. Sec. 1001 to willfully make any false statement to EPA. I further understand that if this notification is not consistent with the terms for PR Notice 98-10 and 40 CFR 152.46, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA.

Enclosed please find a completed application for registration (Notification), EPA Form 8570-1.

(3) Copies label.

Please contact me if there are any questions at (412) 826-3323 or email ktreloar@kop-coat.com.
Sincerely,

Kim Treloar

**FOR INDUSTRIAL USE ONLY. DO NOT DILUTE
DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

This preservative is recognized as effective for aboveground use, and not recommended for ground contact. Woodtreat®-111 Special is intended for use on new lumber, plywood, particleboard, waterboard, millwork and similar types of wood products.

This clear oil solution has been developed for the protection of wood against fungus growths which cause rot and stain. It also contains water repellents to aid in the control of shrinking, swelling, end checking, grain raising and warping.

For best results, this product should be applied so as to effect maximum penetration into the wood and heavy absorption especially at joints and wherever end grain exists. A three minute immersion period is recommended for millwork. For other open tank treatments, complete immersion of the wood in the solution is generally recommended for five minutes per inch of thickness. For the control of dimensional changes, shrinkage and swelling, the treatment of the end grain is most important since the moisture pickup there is a hundred to a thousand times greater than at the flat or edge grain surface for many species of wood.

Where open tank treating is impractical, two heavy brush applications of this product should be applied, cutting out and removing all unsound wood two feet beyond any visible evidence of decay. All wood should be normally dry and the framing or cutting completed before application of this product.

ESTIMATED COVERAGE: 5 to 10 gallons per thousand board feet for open tank treatment. 200 square feet per gallon for brush application.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE DISPOSAL: Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions contact your State Pesticides or Environmental Control Agency, or the Hazardous waste representative at the nearest EPA Regional Office for guidance.

PESTICIDE STORAGE: Store this product in its originally labeled container in a storage area located in a cool place. Keep container and freshly treated articles away from high temperature areas, sparks, fire or open flame.

CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

LIMIT OF WARRANTY AND LIABILITY

This company warrants that the material conforms to the chemical description on the label and is reasonably fit for the purpose referred to in the directions for use. This product is sold subject to the understanding that the buyer assumes all risks of use or handling of the material not in strict accordance with the directions given hereon which are beyond the control of the seller, such as, for example, incompatibility with other products and the manner of its use or application. NO OTHER EXPRESSED OR IMPLIED WARRANTY OF FITNESS OR MERCHANTABILITY IS MADE. The exclusive remedy of the buyer under the terms of this warranty shall be the purchase price paid by the user or buyer for the losses, injuries or damages resulting from the use or handling of this product shall be the purchase price paid by the user or buyer for the quantity of this product involved. The buyer and all users are deemed to have accepted the terms of this notice which may not be varied by any verbal or written agreement.
