Subject: Label Amendment
Woodlife® II Stain and Wood Preservative
EPA Registration No. 60061-105
Application Dated April 16, 2002

Dear Ms. Treloar:

The following amendment, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, is acceptable with comment.

Proposed Amendment

- Removing the phrase under the Application Instructions section. "This product must be applied outdoors to wood intended only for exterior use".

Label Comments

- Revise the Storage and Disposal Section subheadings to read:

Storage and Disposal

Do not contaminate water, food, or feed by storage and disposal

Pesticide Storage: Do not store...from food.

Pesticide Disposal: Residential Users -Do not reuse container. Securely...in trash. **Commercial Users** - Wastes resulting...facility.

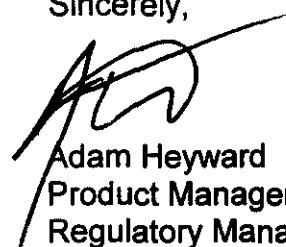

Container Disposal: Triple rinse...stay out of smoke.

General Comments

A stamped copy of the accepted labeling is enclosed. Submit three (3) copies of your final printed label before you release the product for shipment bearing the amended label.

Should you have any questions or comments concerning this letter, please contact me at (703) 308-6422 or Renae Whitaker at (703) 308-7003.

Sincerely,

Adam Heyward
Product Manager 34

Enclosure

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

GENERAL PRECAUTIONS AND RESTRICTIONS:

Residential Users: Do not apply this product in a way that will contact any person or pet.

Commercial Users: Do not apply this product in a way that will contact workers or other persons.

DO NOT USE ON WOOD WHICH WILL COME IN CONTACT WITH FOOD.

DO NOT USE ON WOOD WHICH WILL COME IN CONTINUOUS CONTACT WITH SKIN UNLESS THE WOOD IS SEALED WITH PAINT, VARNISH OR SHELLAC AFTER TREATMENT.

Apply this product only as specified on the label.

Keep container closed when not in use.

Wear goggles, rubber gloves and protective clothing when applying or handling treated lumber.

Use only in a well ventilated area.

Keep contents and freshly treated articles away from food and living plants.

GENERAL INFORMATION:

Product Information: Reduces swelling and shrinking. Protects against mildew, decay, rot and stain. Odorless when dry. Easy water clean up. Dries in 48 hours. Will not crack, peel or blister. Can be painted, stained or finished. [Low VOC/VOS water based formula.] [Colorless when dry.] [Finishes cover easier...last longer.]

Uses: A water repellent preservative for use on plywood, hard board, flake board, dimensional lumber, manufactured wood items and siding. Use where a degree of dimensional stabilization, preservative qualities and paintability are required for above ground application.

Preparation: All cutting, gluing and sanding should be done before applying WOODLIFE® II Stain and Wood Preservative. Wood must be clean, dry and free from foreign material. Do not use over previously finished or stained wood without stripping off old finish. Do not use steel wool.

APPLICATION INSTRUCTIONS:

Application:

1. Stir well before using.
2. Temperature of lumber and WOODLIFE® II Stain and Wood Preservative should be 40°F (4.4°C) or above.
3. Treating may be done by roller coating, brushing to refusal or flood spraying.
4. Flood wood with solution until puddles remain on the surface.
5. Coat side and end grain with 3 or more consecutive coats to give full protection.
6. Any surface cut after first treatment should be retreated.
7. Protect vegetation from overspray.

By following these application directions, effective control can be obtained against decay fungi (like brown or white rot), staining fungi (like blue stain), surface mold (like black, brown or other colored mildew) and dimensional change.

Coverage: 150 sq. ft. (14 sq. m.) -250 sq. ft. (23 sq. m.) per gallon brush or roller application.

Drying Time: A minimum of 48 hours air drying is required before finishing, depending on conditions and method of application. On humid days, longer time may be required.

Thinning: No thinning is required.

Clean Up: Use water to remove WOODLIFE® II Stain and Wood Preservative from all surfaces, brushes and rollers. Mineral spirits or Derusto® Minute-Solv® Thinner No. 5 may be required to remove dried product from glass and other areas.

LOW VOC/VOS WATER-BASED FORMULA

Volatile Organic Compounds (VOC) do not exceed 350 grams per liter, less water and less exempt solvent. This product contains a maximum of 2.92 pounds of VOS per gallon of coating.

LIMITED WARRANTY

Buyer assumes all risks of use, handling and storage of product not in strict accordance with label directions. No express warranties are given. Should defect occur, seller's sole liability is to replace product or refund purchase price. ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR PARTICULAR USE IS LIMITED TO ONE YEAR FROM DATE OF PURCHASE. LIABILITY FOR ANY INCIDENTAL OR CONSEQUENTIAL DAMAGE OR LOSS IS SPECIFICALLY EXCLUDED AT ALL TIMES. If used for other than personal, family or household purposes, any implied warranty MERCHANTABILITY OR FITNESS FOR PARTICULAR USE is excluded.
