Number: 60061-119</p>	<p>Date of Issuance: July 26, 2005</p>
<p>Term of Issuance: Conditional</p>		
<p>Name of Pesticide Product: Woodlife® 111 HP</p>		
<p>Name and Address of Registrant (include ZIP Code):</p> <p>Kop-Coat Inc. 436 Seventh Avenue Pittsburgh, PA 15219-1818</p>		
<p>Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.</p>		
<p>On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.</p>		
<p>Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.</p>		
<p>This product is conditionally registered in accordance with FIFRA sec 3(c)(7)(A) provided that you:</p> <ol style="list-style-type: none"> 1. Submit and/or cite all data required for registration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data. Submit acceptable responses required for reregistration of your product under FIFRA section 4. 2. Make the labeling changes listed below before you release the product for shipment: <ol style="list-style-type: none"> a. Add the phrase "EPA Registration Number 60061-119." 3. Submit three (3) copies of the final printed label prior to releasing this product for sale. 		
<p>Signature of Approving Official:  Adam Heyward Product Manager Team-34 Regulatory Management Branch II Antimicrobials Division (7510C)</p>	<p>Date: July 26, 2005</p>	

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely,

Adam Heyward
Product Manager 34
Regulatory Branch II
Antimicrobials Division (7510C)

Enclosure: (Stamped Labeling)

**FOR INDUSTRIAL USE ONLY
DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

This preservative is recognized as effective for aboveground use, and not recommended for ground contact. Woodlife 111® HP is intended for use on new lumber, plywood, particleboard, wafer board, millwork and similar types of wood products.

This clear oil solution has been developed for the protection of wood against fungus growths, which cause rot, mold, and decay. It also contains water repellents to aid in the control of shrinking, swelling, end checking, grain raising, and warping.

For best results, this product should be applied so as to effect maximum penetration into the wood and heavy absorption especially at joints and wherever end grain exists. A three-minute immersion period is recommended for millwork. For other open tank treatments, complete immersion of the wood in the solution is generally recommended for five minutes per inch of thickness. For the control of dimensional changes, shrinkage and swelling, the treatment of the end grain is most important since the moisture pickup there is a hundred to a thousand times greater than at the flat or edge grain surface for many species of wood. Vacuum or pressure assisted treating in a closed system will result in deeper penetration.

ESTIMATED COVERAGE: 5 to 15 gallons per thousand board feet for open tank treatment. 200 square feet per gallon for brush application.

Compatibility: This product is compatible with other products designed for millwork protection including Timbertreat® B, Timbertreat® 15WT, and Timbertreat® ICP-5. Contact Kop-Coat Inc. for details.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE: Store this product in its originally labeled container in a storage area located in a cool place. Keep container and freshly treated articles away from high temperature areas, sparks, fire, or open flame.

PESTICIDE DISPOSAL: Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions contact your State Pesticides or Environmental Control Agency, or the Hazardous waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

LIMIT OF WARRANTY AND LIABILITY

This company warrants that this material conforms to the chemical description on the label and is reasonably fit for the purposes referred to in the directions for use. This product is sold subject to the understanding that the buyer assumes all risks of use or handling of this material not in strict accordance with the directions given hereon which are beyond the control of the seller, such as, for example, incompatibility with other products and the manner of its use or application. NO OTHER EXPRESSED OR IMPLIED WARRANTY OF FITNESS OR MERCHANTABILITY IS MADE. The exclusive remedy of the buyer, and the limit of liability of this company or any other seller for any and all losses, injuries or damages resulting from the use or handling of this product shall be the purchase price paid by the user or buyer for the quantity of this product involved. The buyer and all users are deemed to have accepted the terms of this notice, which may not be varied by any verbal or written agreement.
