Subject: Amended Reregistration Label
WATERBORN MILLTREAT 111 CONCENTRATE
EPA Registration Number: 60061-123
EPA Decision Number: 454648

Dear Ms. Custer:

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all of the information submitted with your application to support the reregistration of the above referenced product in connection with the **Propiconazole RED** and has concluded that your submission is acceptable.

NOTE: This product is **not** being reregistered under sections 3(c)5 and 4(g) of FIFRA at this time.

Please note that the record for this product currently contains the Confidential Statement of Formulation (CSF) listed below. Any previously dated CSFs are superseded.

- Basic CSF, dated March 24, 2014

A copy of your label stamped "Accepted" is enclosed along with copies of the acute toxicity and product chemistry reviews completed for the subject product. Products shipped after 12 months from the date of this amendment or the next printing of the label whichever occurs first, must bear the new revised label. Your release for shipment of the product bearing the amended label constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e).

Should you have any questions or comments concerning this letter, you may contact me by telephone at (703) 308-6416 or by e-mail at campbell.jacqueline@epa.gov or Srinivas Gowda by telephone at (703) 308-6354 or by e-mail at gowda.srinivas@epa.gov during the hours of 8:00am to 4:00pm EST. When submitting information or data in response to this letter, a copy of this letter should accompany the submission to facilitate processing.

Sincerely,

Jacqueline Hardy
Product Manager 34
Regulatory Management Branch II
Antimicrobials Division (7510P)

KOP-COAT

Waterborne Millitreat™ 111 Concentrate

KEEP OUT OF REACH OF CHILDREN
CAUTION

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

GENERAL PRECAUTIONS AND RESTRICTIONS FOR INDUSTRIAL USE

CONSULT MATERIAL SAFETY DATA SHEET BEFORE USING

Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. Do not use on wood, which will come in contact with food.

DILUTE BEFORE USING

Dilution may range from 3 parts of water to 1 part concentrate up to 7 parts of water to 1 part concentrate by volume.

Mixing Instructions

Prior to making the ready-to-use product from Waterborne Millitreat™ 111 Concentrate, please contact Kop-Coat for proper step-by-step instructions.

GENERAL INFORMATION

Description: Waterborne Millitreat™ 111 Concentrate is clear, penetrating, paintable, water repellent preservative for wood. It protects against decay, fungi (such as brown or white rot), staining fungi (such as blue stain), surface mold (such as black, brown or other colored mildew) and dimensional change.

Product Uses: Millwork, shingles, siding, plywood, hardboard, flakeboard, engineered wood products, structural lumber (above ground use only).

Preparation: Machine, cut, pile and sand wood as desired before treating. Do not use over previously finished or stained wood without stripping off old finish. Do not use steel wool. Wood must be clean and dry.

Finishing: Before glazing, painting or varnishing, treatment must be completely dry and odor free. Allow 24 or 48 hours under average temperature and humidity conditions. Can be re-treated for plant production. Use a sealer such as shellac before using lacquers.

Clean Up: Use water and detergent to clean immersion tanks, spray equipment and surrounding area. Mineral spirits or paint thinner may be required to remove dried Waterborne Millitreat™ 111 Concentrate.

Application Instructions

- Treating solution, wood and surrounding air must be above 60°F (44°C). Apply by immersion, roller, cedar, flood spray or brush. Any surface cut after first treatment must be re-treated.
- Retention: A 3-minute immersion period for 5 to 10 gallons per MBF; 30-minute immersion for 10-15 gallons per MBF. Brush applicator: 150 square feet by gallon but varies by species and condition of the substrate.
- Immersion: Millwork or other items to be painted—3 minutes. Treatment must be in accordance with WDMA IS-4. Use only items for above ground exposure.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal. Storage: Store in a closed, properly labeled container in a cool place. If leaks, generate conditions exist, provide necessary grounding and bonding. Keep containers closed when not in use. Pesticide Disposal: Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture or mixture is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance.

Container Handling: Nonrefillable container. Do not reuse or refill this container. Triple rinse container (or equivalent) promptly after emptying. Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank. Fill the container 1/4 full with water. Replace and tighten closures. Tip container on its side and roll it back and forth ensuring at least one complete revolution for 30 seconds. Stand the container on its end and tip it back and forth several times. Turn the container over onto its other end and tip it back and forth several times. Empty the rinse into application equipment or a mix tank or store rinse for later use or disposal. Repeat this procedure two more times. Then offer for recycling if available.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION. Avoid contact with skin or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Wear chemical resistant gloves, such as barrier laminate, nitrile rubber, neoprene rubber or viton.

PERSONAL PROTECTIVE EQUIPMENT (PPE)

Mixers and loaders using liquid formulation must wear:

- Long-sleeved shirt and long pants
- Shoes and socks, and chemical resistant gloves. Some gloves/materials that are chemical-resistant to this product are barrier laminate, butyl rubber, nitrile, neoprene, PVC and Viton.

USER SAFETY REQUIREMENTS

- Follow manufacturer's instructions for clean/maintaining PPE. If no such instructions exist, washables, use detergent and hot water. Keep and wash PPE separately from other laundry.
- Discard clothing and other absorbent materials that have been drenched or heavily contaminated with this product's concentrate. Do not reuse them.

USER SAFETY INSTRUCTIONS

- Users must:
- Wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet.
 - Remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.
 - Remove personal protective equipment immediately after handling this product. Wash the outside of gloves before removing. As soon as possible wash thoroughly and change into clean clothing.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and shrimp. Do not apply directly to water. Do not contaminate water when disposing equipment washwaters. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Eliminations System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of Environmental Protection Agency.

PHYSICAL OR CHEMICAL HAZARDS

COMBUSTIBLE - Do not use, pour, spill, or store near heat or open flame. Immediately after use, place soiled rags and other waste material in a sealed water filled metal container.

IN CASE OF FIRE

Use alcohol foam, dry chemical, carbon dioxide, water spray, fog or foam to extinguish fire.

LIMIT OF WARRANTY AND LIABILITY

We warrant this material to comply with our published specifications and to be of good merchantable quality and such as will regularly pass in the trade for goods within the description, and further warrant such goods to be fit for the normal purposes for which goods are used. We assume no responsibility that the goods concerned in this contract are fit for any particular purpose for which they are being bought outside of the general purposes of goods of the description.
