

U.S. ENVIRONMENTAL PROTECTION AGENCY  
Office of Pesticide Programs  
Antimicrobials Division (7510C)  
1200 Pennsylvania Avenue NW  
Washington, D.C. 20460

NOTICE OF PESTICIDE:

☒ Registration  
☐ Reregistration

(under FIFRA, as amended)

EPA Reg. Number:

60061-127

Date of Issuance:

February 26, 2008

Term of Issuance:

Unconditional

Name of Pesticide Product:

KOP-Coat Mold™ Sapstain and Mold  
Control Product

Name and Address of Registrant (include ZIP Code):

Kop-Coat, Inc.  
3020 William Pitt Way  
Pittsburgh, PA 15238

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with FIFRA sec 3(c)(5) provided that you:

1. Submit and/or cite all data required for registration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section
2. Make the labeling changes listed below before you release the product for shipment:
  - a. Revise the "EPA Registration Number to read, "EPA Reg No. 60061-127."

Signature of Approving Official:

Adam Heyward  
Product Manager Team-34  
Regulatory Management Branch II  
Antimicrobials Division (7510P)

Date:

February 26, 2008

b. Remove the statement "Read Warranty on Side, etc..." from the ingredient statements and place it below the product name.

3. The Agency is moving away from review of paper submitted registration applications to electronic review of applications. Therefore, we need your help to make this an efficient and convenient process for both you and the Antimicrobials Division. Accordingly, we are asking you to submit future labeling amendments for this product via the electronic labeling process. Refer to the following website for guidance on electronic submissions, including label: [http://www.epa.gov/oppfead1/eds/esr\\_guidance.htm#overallsub](http://www.epa.gov/oppfead1/eds/esr_guidance.htm#overallsub). If you have questions concerning electronic labeling, a list of contacts is available at the following site: <http://www.epa.gov/oppfead1/eds/edsgoals.htm#contacts>.

4. Submit three (3) copies of the final printed label prior to releasing this product for sale.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely,

Adam Heyward  
Product Manager 34  
Regulatory Branch II  
Antimicrobials Division (7510P)

Enclosure: (Stamped Labeling)

### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

### GENERAL PRECAUTIONS AND RESTRICTIONS:

#### FOR INDUSTRIAL USE ONLY

#### DILUTE BEFORE USING

Do not apply this product in a way that will contact workers or other persons. Wear synthetic rubber gloves or plastic coated gloves in handling solutions and freshly treated lumber.

Treated sawdust and other wood wastes should be disposed of properly and should not be used as mulch where it will come into contact with useful living plants. Care should be taken to prevent drip or spray from contacting ornamental shrubs, trees, grass, and other desirable vegetation.

#### GENERAL INFORMATION:

**Description:** MOLDSHIELD™ Sapstain and Mold Control Chemical is a liquid concentrate containing an effective fungicide for the control of mold and sap stain fungi that cause discoloration and staining of freshly sawn lumber. MOLDSHIELD™ Sapstain and Mold Control Chemical is an aqueous solution which may be applied to dimensional lumber, logs, plywood, and OSB, and particle board to prevent surface mold growth.

**Dilution Ratio** MOLDSHIELD™ Sapstain and Mold Control Chemical is a concentrate dilutable with water. For lumber in dip systems, use 1 gallon of Concentrate per 25 gallons to 400 gallons of water to protect against staining organisms. For spray systems use 1 gallon of concentrate per 5 to 150 gallons of water. Contact Kop-Coat, Inc. for recommendations and further information.

#### APPLICATION INSTRUCTIONS:

**Application:** Flood spray or dip the freshly sawn clean lumber to be treated in MOLDSHIELD™ Sapstain and Mold Control Chemical solution within 24 hours of cutting. A dip of 15 seconds or more is sufficient. If not treated within 24 hours, stain may occur.

Lumber should be totally immersed or sprayed to insure treatment. Tanks should be covered by a roof to prevent the addition of rain water and consequent dilution of the solution. Vats and spray equipment should be cleaned regularly to remove sawdust and other debris. Freshly treated lumber should not be exposed to water. Store in protected area from rain and stack properly for best results.

**Clean Up:** Use water to clean immersion tanks, spray equipment and surrounding area. Soapy water may be required to remove MOLDSHIELD™ Sapstain and Mold Control Chemical from floors and equipment.

#### STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

**Pesticide Storage:** Store in a closed, properly labeled container in a cool place. If static generating conditions exist, provide necessary grounding and bonding. Keep containers closed when not in use.

**Pesticide Disposal:** Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

**Container Disposal:** Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

#### PHYSICAL OR CHEMICAL HAZARDS:

**COMBUSTIBLE.** DO NOT use, pour, spill, or store near heat or open flame.

**IN CASE OF FIRE:** Use dry chemicals, foam, water fog, or CO<sub>2</sub>. Cool closed containers with water.

# KOP-COAT

## MOLDSHIELD™

### Sapstain and Mold Control Product

U.S. Patent Number 6,375,727 and 7,068,919 additional Patents Pending

Aids in the control of blue stain, mold and decay of freshly cut lumber, dry lumber and other wood based products when properly used. Effective on softwoods including Douglas fir, White fir, Spruce, Hemlock, the Pines including both the Southern and Western Yellow Pines, Eastern and Western White Pines and many of the hardwoods.

### KEEP OUT OF REACH OF CHILDREN

### DANGER - PELIGRO

See side panel for additional precautionary statements.

Read Warranty On Side  
Panel Before Buying Or  
Using. If Such Terms Are  
Not Acceptable, Return At  
Once Unopened.

#### ACTIVE INGREDIENTS

Diiodomethyl-para-Tolyl sulfone..... 0.19%  
Propiconazole.....0.70%

3-Iodo-2-Propynyl

Butyl Carbamate.....0.70%

OTHER INGREDIENTS.....98.41%

TOTAL.....100.00%

### PRECAUTIONARY HAZARDS TO HUMANS

**CORROSIVE.** Causes Irreversible Eye Damage absorbed through skin. Do not get in eyes, on face, or on clothing. Wear protective eyewear (goggles, face shield). Wash thoroughly with soap and water after handling. Remove contaminated clothing.

#### PERSONAL PROTECTION

Applicators and other handlers must wear:

1. Coveralls over long-sleeved shirt and long pants
2. chemical-resistant footwear plus socks
3. Goggles or face shield
4. chemical-resistant gloves (such as barrier gloves)
5. Respirator with an organic vapor-removing (MSHA/NIOSH approval prefix TC-23C) or approval prefix TC-14G) or a NIOSH approved cartridge or canister with any R, P or HE filter
6. Follow manufacturers' instructions for cleaning and maintaining all protective equipment. Do not reuse them. Keep and wash PPE separately.

#### USER SAFETY RECOMMENDATIONS

Users should:

- Wash hands before eating, drinking, chewing gum, or using a toilet.
- Remove clothing immediately if pesticide gets on it. Wash it off.
- Remove personal protective equipment before eating, drinking, or using a toilet.
- Wash outside of gloves before removing.

#### ENVIRONMENTAL PRECAUTIONS

This pesticide is toxic to fish. Do not apply to surface water. Do not apply to surface water if surface water is present or to intertidal areas. Do not apply to surface water when disposing of equipment. Do not discharge this product into lakes, streams, rivers, or other bodies of water in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has not authorized this product to sewer systems without prior approval from the appropriate plant authority. For guidance contact your State or local health department.

**WARRANTY:** We warrant this material to conform to the description and such as will be described, and further warrant such goods to be free from defects in material and workmanship under normal use and conditions for the particular purpose for which they are being sold. This warranty does not cover the description.
