Subject: Tru-Core® Millwork Preservative Concentrate
EPA Registration No.: 60061-133
Application Date: 03/24/2011
Receipt Date: 03/25/2011

Dear Ms. Kim Treloar:

The following amendment submitted in connection with registration under FIFRA, as amended, is acceptable.

Proposed Amendment

- Addition of "vacuum, pressure treat" to application instructions.

General Comments

A stamped label is enclosed for your records. Submit three (3) copies of your final printed label before distributing or selling the product bearing the revised labeling.

Should you have any questions or comments concerning this letter, you may contact me by telephone at (703) 308-6416 or by e-mail at campbell-mcfarlane.jacqueline@epa.gov or Jaclyn Carl by telephone at (703) 347-0213 or by e-mail at carl.jaclyn@epa.gov.

When submitting information or data in response to this letter, a copy of this letter should accompany the submission to facilitate processing.

Sincerely,

Jacqueline McFarlane
Product Manager (34)

Regulatory Management Branch II
Antimicrobials Division (7510P)

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

GENERAL PRECAUTIONS AND RESTRICTIONS:

FOR INDUSTRIAL USE: Do not apply this product in a way that will contact workers or other persons. Do not use on wood, which will come in contact with food.

DILUTE BEFORE USING: Dilution may range from: 1 parts of water to 1 part concentrate up to 100 parts of water to 1 part concentrate by volume. Mixing instructions: Contact Kop-Coat, Inc. for proper step-by-step instructions. Can be custom blended with other EPA registered insecticides, fungicides, or pesticides, making sure the blend bears labeling that does not prohibit the use of the pesticide in the blend. Material can be mixed on site with appropriate buffers or other Kop-Coat approved products, such as but not limited to Kop-Coat Buffer Concentrate.

"Observe the most restrictive of the labeling limitations and precautions of all products used in mixtures."

GENERAL INFORMATION

Description: Tru-Core® Millwork Preservative Concentrate is a clear, penetrating, paintable, water repellent preservative for wood. It protects against decay fungi (such as brown or white rot), staining fungi (such as blue stain), surface mold (such as black, brown or other colored mildew) and dimensional change.

Product Uses: Millwork, shingles, siding, plywood, hardboard, flakeboard, fencing, weatherboard, engineered wood products, structural lumber (above ground use only), and other wood products.

Preparation: Machine, cut, glue, and sand wood as desired before treating. Do not use over previously finished or stained wood without stripping off old finish. Do not use steel wool. Wood must be clean. Finishing: Before glazing, painting or varnishing, treatment should be completely dry. Allow 24 to 48 hours under average temperature and humidity conditions. Can be heat-dried for plant production. Use a sealer such as shellac before using lacquers.

Clean Up: Use water to clean immersion tanks, spray equipment, and surrounding area.

APPLICATION INSTRUCTIONS:

Treating solution, wood and surrounding air must be above 60°F (15.6°C). Apply by immersion, roller/coater, flood, spray, vacuum, pressure or brush. Any surface cut after first treatment should be retreated.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal. PESTICIDE STORAGE: Store in a cool, dry area under lock and key. Post as a pesticide storage area. Always store pesticides in the original container. Store away from food, pet food, feed, seed fertilizers, and veterinary supplies. Place liquid formulations on lower shelves and dry formulations above.

PESTICIDE DISPOSAL: Pesticide wastes may be hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal law. If these wastes cannot be disposed by use according to label instructions, contact your state Pesticide Or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER HANDLING: Nonrefillable container. Do not reuse or refill this container. Triple rinse (or equivalent) promptly after emptying. Empty the remaining contents into application equipment or a mix tank and drain for 10 seconds after the flow begins to drip. Fill the container 3/4 full with water and recap. Shake 10 seconds. Pour rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times. Then offer for recycling if available, or puncture and dispose of in a sanitary landfill or by incineration, do not burn unless allowed by state or local ordinances.

**KEEP OUT OF REACH OF CHILDREN
WARNING**

See side panel for additional precautionary statements.

EPA Reg. No. 60061-133
EPA Est. No. 60061-MO-1

ACTIVE INGREDIENTS:

Carbamic acid, 3-Iodo-2-Propynyl ester.....	1.25%
a-[2-(4-chlorophenyl) ethyl]-a-(1, 1-dimethylethyl)-1-H-1, 2, 4-triazole-1-ethanol (Tebuconazole).....	1.24%
1-[2(2, 4-dichlorophenyl)-4-propyl-1, 3-dioxolan-2-yl]-methyl-1H-1, 2, 4-triazole (Propiconazole).....	1.28%
Other Ingredients.....	96.23%
TOTAL	100.00%

READ "LIMIT OF WARRANTY AND LIABILITY" BEFORE BUYING OR USING. IF SUCH TERMS ARE NOT ACCEPTABLE, RETURN AT ONCE UNOPENED

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMAN AND DOMESTIC ANIMALS**

WARNING: Causes substantial but temporary eye injury. Avoid contact with skin, eyes or clothing. Wear protective eye wear (goggles, face shield, or safety glasses). Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco or using the toilet.

PERSONAL PROTECTIVE EQUIPMENT (PPE)

Handlers including those handling treated lumber must wear:

- Long-sleeved shirt and long pants
- Chemical resistant gloves (such as barrier laminate, nitrile rubber, neoprene rubber and vinyl)
- Chemical-resistant apron
- Protective eyewear
- Shoes plus socks

• Remove personal protective equipment immediately after handling this product. Wash outside of gloves before removing. As soon as possible wash thoroughly.

SAFETY REQUIREMENTS

Users must wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Users must remove clothing immediately if pesticide gets inside. Users must remove PPE immediately after handling this product. Wash outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing. Discard clothing or other absorbent materials that have been drenched or heavily contaminated with this product's concentrate.

ENVIRONMENTAL HAZARDS

This product is toxic to fish and shrimp. Do not apply directly to water. Do not contaminate water when disposing of equipment washwaters or rinsate. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other water unless in accord with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA. Do not apply directly to water or to areas where surface water is present or to intertidal areas below the mean high water mark.

PHYSICAL OR CHEMICAL HAZARDS

COMBUSTIBLE: Do not use or store near heat or open flame. Immediately after use, place soiled rags and other waste material in a sealed water filled metal container. Keep container closed when not in use. Store in cool, well ventilated space away from incompatible materials (i.e. oxidizing agents, acid, and bases)

WARRANTY: We warrant this material to comply with our published specifications and to be of good merchantable quality and such as will regularly pass in the trade of goods within the description, and further warrant such goods to be fit for the normal purposes which goods are used. We assume no responsibility that the goods concerned in this contract are fit for any particular purpose for which they are being bought outside of the general purposes of goods of the description.
