## ENVIRONMENTAL HAZARDS

This product is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of EPA.

**ACCEPTED**  
**JUN 08 1995**  
Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the pesticide registered under EPA Reg. No. 61219-20007

## PHYSICAL OR CHEMICAL HAZARDS

**STRONG OXIDIZING AGENT** Mix only with water according to label instructions. Mixing this product with chemicals (e.g. ammonia, acids, detergents, etc.) or organic matter (e.g. urine, feces, etc.) will release chlorine gas which is irritating to eyes, lungs and mucous membranes.

## STORAGE AND DISPOSAL

Store this product in a cool dry area, away from direct sunlight and heat to avoid deterioration. In case of spill, flood areas with large quantities of water. Product or rinsates that cannot be used should be diluted with water before disposal in a sanitary sewer. Do not reuse empty container but place in trash collection. Do not contaminate food or food storage, disposal or cleaning of equipment.

- agents to help control slime on boat bottoms; or
- agents to sanitize and deodorize artificial sand beaches; or
- agents to kill scavenger fish in fish hatchery ponds; or
- agents to wash or assist in lye peeling of fruits and vegetables; or
- agents to help control microorganisms on eggs for human consumption; or
- disinfectants of poultry drinking water.

## DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

Formulators using this product are responsible for obtaining EPA registration of their formulated products.

## MANUFACTURING-USE ONLY

For manufacturing-use only in the formulation of end-use products intended as:

- sanitizers of surfaces (e.g. wooden butcher blocks, stainless steel tops, concrete floors, tile walls); or
- sanitizers of commercial and household laundry; or
- disinfectants of human drinking water (emergency/public/individual), swimming pool water, hubbard/immersion tank water, spas/hot tub, hydrotherapy pools, human drinking water systems (e.g. water mains); or
- disinfectants of nonporous hard surfaces (e.g. tile, glass, stainless steel, fibreglass); or
- agents to help control microorganisms in sewage, wastewater, industrial and pulp and paper process water systems; or
- algicides/slimicides in cooling towers or evaporative condensers; or
- sanitizers of dialysis machines; or
- sanitizers of toilet bowls; or
- agents to help control algae and bacteria in fish and lobster ponds/tanks and conditioning oysters; or
