RE: Promar Bait Packs Rat & Mouse Killer
EPA Reg. No. 61282-6

Gentlemen/Ladies:

Due to a clerical error on a previous submitted amendment dated February 6, 2001 for subject, we hereby submit the attached notification for clarification. (The previously submitted and accepted size of 60x2 oz. was inadvertently not included in our February 6, 2001 amendment request and should have been.) Copies of the before and after labels are also enclosed. We apologize for the oversight.

Following is my statement as required by PR-Notice 98-10:

This notification is consistent with the provisions of PR-Notice 98-10 and EPA regulations at 40 CFR 152.46, and no other changes have been made to the labeling or the Confidential Statement of Formula for this product. I understand that it is a violation of 18 U.S.C. Sec. 1001 to willfully make any false statement to EPA. I further understand that if this notification is not consistent with terms of PR-Notice 98-10 and 40 CFR 152.46, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under Sections 12 and 14 of FIFRA.

If you should have any questions regarding this matter, please do not hesitate to contact me at 608-221-7378.

Sincerely,

Judith A. Thompson
Registration Manager, Rodenticides

NOTIFICATION

FEB 13 2002

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

READ THIS LABEL: Read this entire label and follow all use directions and use precautions.

IMPORTANT: Do not expose children, pets or other non-target animals to rodenticides. To help to prevent accidents:

1. Store product not in use in a location out of reach of children and pets.
2. Apply bait in locations out of reach of children, pets, domestic animals and non-target wildlife, or in tamper-resistant bait stations. These stations must be resistant to destruction by dogs and by children under six years of age, and must be used in a manner that prevents such children from reaching into bait compartments and obtaining bait. If bait can be shaken from stations when they are lifted, units must be secured or otherwise immobilized. Even stronger bait stations are needed in areas open to hoofed livestock, raccoons, bears, or other potentially destructive animals, or in areas prone to vandalism.
3. Dispose of product container, and unused, spoiled, and unconsumed bait as specified on this label.

USE RESTRICTIONS: For control of Norway rats, roof rats and house mice in and around homes, industrial and agricultural buildings, and similar man-made structures. This product is especially suited for use in wet or damp areas, including river banks, gullies, irrigation ditches, railroad tracks, loading areas, in or around rat holes, under granaries, along fences, garbage dumps and landfills.

Do not place bait in areas where there is a possibility of contaminating food or surfaces that come in direct contact with food. Do not apply bait directly to ground surface or in grass or other ground cover. Do not broadcast bait.

SELECTION OF TREATMENT AREAS: Determine areas where rats or mice will most likely find and consume the bait. Generally, these areas are along walls, by gnawed openings, in or beside burrows, in corners and concealed places, between floors and walls, or in locations where rodents or their signs have been seen. Protect bait from rain or snow. Remove as much alternative food as possible.

APPLICATION DIRECTIONS:

Rats: Apply 2-3 placepacks per bait placement. Maintain an uninterrupted supply of fresh bait for at least 10 days.

PROMAR BAIT PACKS RAT & MOUSE KILLER

Weather Resistant Rodenticide
For Control of Commensal Rats and Mice,
Indoors and Outdoors

ACTIVE INGREDIENT:

Diphacinone (2-Diphenylacetyl-1,3-Indandione) 0.005%

INERT INGREDIENTS: 99.995%

TOTAL 100.000%

EPA Est. No. 61282-WI-1

KEEP OUT OF THE REACH OF CHILDREN

CAUTION

PRECAUTIONARY STATEMENTS

HAZARD TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Keep away from humans, domestic animals and pets. If swallowed, this material may reduce the clotting ability of the blood and cause bleeding.

NOTE TO PHYSICIAN: If ingested, administer Vitamin K₁ intramuscularly or orally, as indicated in bishydroxycoumarin overdose. Repeat as necessary based on monitoring of prothrombin times.

IN ALL CASES OF HUMAN INGESTION IMMEDIATELY NOTIFY A PHYSICIAN.

See side panels for additional precautionary statements.

PROMAR is a Registered Trademark of HACCO, Inc.

NET CONTENTS:

60 x 2 oz. (7.5 lbs./3.4 kg.)

300 x 2 oz. (37.5 lbs./17 kg.)

DIRECTIONS FOR USE (Cont.)

Mice: Open pack and apply 1/4 to 1/2 oz. (1-2 level tablespoons) of bait at 8- to 12-foot intervals. Larger placements (up to one entire 2 oz. placepack) may be needed at points of extremely high mouse activity. Maintain an uninterrupted supply of fresh bait for at least 15 days.

Rats: Replace contaminated or spoiled bait immediately.

Mice: Collect and dispose of all dead animals and leftover bait properly. To prevent reinfestation, limit sources of rodent food, water, and harborage as much as possible. If reinfestation does occur, repeat treatment. Where a continuous source of infestation is present, establish permanent bait stations and replenish as needed.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

STORAGE: Store only in original closed container in a cool, dry place inaccessible to children and pets. Store separately from fertilizer and away from products with strong odors which may contaminate the bait and reduce acceptability. Spillage should be carefully swept up and collected for disposal.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product should be securely wrapped in several layers of newspaper and then disposed of onsite or at an approved waste disposal facility.

CONTAINER DISPOSAL: Dispose of empty container in a sanitary landfill, or by incineration, or if allowed by state and local authorities, by burning. If burned, stay out of smoke.

ENVIRONMENTAL HAZARDS

This product is toxic to mammals and birds. Do not apply this product directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark.

NOTICE OF WARRANTY: Seller and Manufacturer make no warranty of merchantability, fitness for any purpose, express or implied, concerning this product or its use, which extends beyond the statements of this label.
