OFFICE OF
PREVENTION, PESTICIDES AND
REGISTRATION

SUBJECT: Label Amendment Submission of 10/08/93 in Response to PR Notice 93-7
EPA Reg. No. 61282-10
SNAIL AND SLUG LG PELLETTED BAIT

Dear Registrant:

The labeling cited above and submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, successfully **REMOVES THE PRODUCT FROM THE SCOPE** of PR Notice 93-7 once the comments (if any) on the attached sheet are addressed. Other than the alterations (if any) listed on the attached sheet, no further alterations to the labeling are necessary to reflect the requirements of the Worker Protection Standard.

Since your amendment proposes to delete uses directly and/or to delete uses implicitly through the use of exclusionary statements, the Agency will publish in the Federal Register a notice of receipt of your amendment to delete uses, as required by section 6(f)(1) of FIFRA. The Agency will defer action for 90 days from the date of the Federal Register notice to give affected minor users an opportunity to try to persuade you to retain the uses(s). When the comment period has expired, the Agency will approve the amendment unless you have withdrawn it, and stamp the amended labeling "accepted." Your stamped-accepted labeling will then be sent to you.

As described in Supplement A of PR Notice 93-11 (self-verification option), you may sell and distribute product bearing the submitted labeling before you receive a copy of your stamped-accepted labeling. Note that your registration is not amended until the comment period required by section 6(f)(1) of FIFRA has expired and the Agency has approved the amendment. Therefore, you may withdraw your proposed amendment at any time during the comment period and until you receive your stamped-accepted labeling.

Sincerely,

James Tompkins, Deputy Chief
Registration Support Branch
Registration Division (7505W)

WORKER PROTECTION STANDARD CERTIFICATION STATEMENT

I certify that the revised labeling being submitted for this product is in complete accordance with the labeling requirements of PR Notice 93-7, which reflects the requirements of EPA's labeling regulations for worker protection statements (40 CFR part 156, subpart K), except where noted. I have, in one or more places in the revised labeling, proposed changes that deviate from the exact language or location specified in the PR Notice. I have identified all such statements by highlighting them in a way that distinguishes them from any other label revisions. I have attached an explanation for each proposed deviation. I have proposed no changes to this labeling other than those required to comply with 40 CFR part 156, subpart K. I understand that EPA cannot guarantee to render its decision on revised labeling not in complete conformance with PR Notice 93-7 by April 21, 1994. I understand that it would be a violation of FIFRA if I or my supplemental registrants were to sell or distribute this product after April 21, 1994, without amended labeling complying with the requirements of 40 CFR part 156, subpart K.

KEEP OUT OF REACH OF CHILDREN 12 pt.*

CAUTION 18 pt.*

STATEMENTS OF PRACTICAL TREATMENT

If swallowed: Call a physician or
Poison Control Center immediately.
Drink 1 or 2 glasses of water and
induce vomiting by touching back of
throat with finger. Do not induce
vomiting or give anything by mouth to
an unconscious or convulsing person.
If on skin: Wash with soap and warm
water. If in eyes: Flush with
flowing water. Get medical attention
if irritation persists.

**THIS PESTICIDE MAY BE FATAL TO
DOGS OR OTHER PETS IF EATEN
KEEP PETS OUT OF TREATED AREA
SEE SIDE/BACK PANEL FOR
ADDITIONAL PRECAUTIONARY STATEMENTS**

PRECAUTIONARY STATEMENTS HAZARD TO HUMANS AND DOMESTIC ANIMALS

DO NOT TAKE INTERNALLY, DO NOT GET IN
EYES OR ON SKIN. CAUTION: May be
harmful if swallowed, inhaled or
absorbed through the skin. Do not
breathe dust, get in eyes, on skin
or on clothing. Wash thoroughly with
soap and warm water after handling.
Wash contaminated clothing with soap
and warm water before re-use. If
poisoning occurs, obtain prompt
medical aid. Keep bait away from dogs
and pets. Bait may be attractive to
dogs. Confine pets during
application to prevent them from
believing they are being fed.

ENVIRONMENTAL HAZARDS

Do not apply directly to water, to
areas where surface water is present
or to intertidal areas below the mean
high water mark. Do not contaminate
water when disposing of equipment
washwaters.

BERRY CROPS-VEGETABLES,
SETS, & SEEDLINGS
AROUND PATIOS & FLOWER BOXES
DICHONDRA & TURFGRASS LAWNS
FRUIT & NUT TREES
FLOWERS, ORNAMENTALS AND
LANDSCAPE PLANTINGS

Not for use on plants being grown for
sale or other commercial use, or for
commercial seed production, or for
research purposes. For use on plants
intended for aesthetic purposes or
climatic modification and being grown
in interior plantscapes, ornamental
gardens or parks, or on golf courses
or lawns and grounds.

DIRECTIONS FOR USE

It is a violation of Federal law to
use this product in a manner
inconsistent with its labeling. Read
entire label and use in accordance
with precautionary statements and
directions. Do not apply directly
onto plants. Do not allow bait to
contact the edible portions of any
food crop.

STORAGE AND DISPOSAL 12 pt*

Do not contaminate water, food or
feed by storage or disposal. **STORAGE:**
Store product in original labeled
container in a cool, dry, locked
place out of reach of children. Keep
container tightly closed when not in
use. Do not store in direct
sunlight. **DISPOSAL:** Do not reuse
empty container. Securely wrap
original container in several layers
of newspaper and discard in trash.

USE PRECAUTIONS

Read entire label before using. Use
only as a baiting treatment to be
applied directly to the soil area
beneath plants as listed on this
label. Do not allow bait to come in
contact with parts of plant that may
be used for food or feed purposes.
The grower is responsible for
residues on his crops, as well as for
damages caused by drift from his
property to that of others. Do not
allow to drift to areas occupied by
unprotected humans or beneficial

ACCEPTED
with COMMENTS
In EPA Letter Dated

FEB 17 1994

Under the Federal Insecticide,
Fungicide, and Rodenticide Act
as amended, for the pesticide
registered under EPA Reg. No.

*Assumes size of front panel greater
than or equal to 30 sq. inches.

animals or onto adjoining food, fiber or pasture crops. NOTE Snail & Slug LG Pelleted Bait should never be applied to dry soil. Applications should be made following an irrigation for best results. Apply at any time of the day but evening applications are preferred. Do not re-water for 48 hours after application.

GENERAL INFORMATION

Snails and Slugs generally feed during the night and damage many varieties of plants and plant seedlings. They inhabit damp moist areas of the soil surface around decaying refuse, organic matter, beneath boards, rocks and trash piles and hide at the base of growing plants outdoors and in the greenhouse. Their presence can be detected by observing the shiny trails which they leave on sidewalks, driveways and patios.

The Use Profile for Snail and Slug LG includes the following Sites and the Listed Plants in - Terrestrial Food Crops; Terrestrial Non-Food Crops; Greenhouse Flowers/Ornamentals; Domestic and Nondomestic Outdoor Areas. Uses are as follows.

HOW MUCH AND WHEN TO USE

For control of Snails and Slugs in the following areas, use 1 lb. to treat 1,100 to 1,750 Sq. Ft. (equivalent to 24 to 40 pounds of pelleted bait per acre), unless otherwise stated. Snails and Slugs attack the tender growing tips of plants devouring the entire tip or sometimes eating holes in the new leaves which are yet unfolded. When the leaves expand and open, this feeding appears as a "row of holes" in the leaf, all in a line. This is one "sign" of Snail or Slug damage to your plants. Apply when this first plant damage appears or is anticipated and repeat as needed for control. Pour Pellets directly from container. Do not dispense by hand unless wearing protective gloves. Apply down wind; do not breathe dust.

NOTICE: Sellers warranty shall be limited to the terms of the label and subject thereto. The buyer and user assumes any risk to persons or property arising out of the use or handling of this product and accepts the product on these conditions.

FOR THE BERRY PATCH

Blackberries, Blueberries, Boysenberries, Currants, Dewberries, Gooseberries, Loganberries, Raspberries, Strawberries

For soil surface coverage. Apply 1 lb. to treat 1,100 to 3,600 sq.ft.

(12 to 39 lbs./acre).

TO PROTECT VEGETABLES, SETS AND SEEDLINGS IN THE GARDEN

Apply 1 lb. to treat 1,100 to 1,750 sq. ft.

Alfalfa, Artichoke, Asparagus, Beans, Beets, Blackeyed Peas, Broccoli, Brussels Sprouts, Cabbage, Cantaloupe, Carrots, Cauliflower, Cereal Crops, Celery, Clover, Cole Crops, Collards, Corn, Cowpeas, Cucumbers, Eggplant, Endive, Garlic, Ginseng, Horseradish, Kale, Kohlrabi, Leeks, Legumes, Lettuce, Melons, Muskmelons, Mustard Greens, Okra, Onions, Parsnips, Peas, Peppers, Pimentos, Potatoes, Pumpkins, Radishes, Rhubarb, Rutabagas, Salsify, Shallots, Spinach, Squash, Sweet Potatoes, Swiss Chard, Tomatoes, Turnips, Watermelons.

FOR HERB GARDENS

Anis, Caraway, Catnip, Chicory, Chives, Coriander, Dill, Mustard, Oregano, Parsley, Peppermint, Sage, Savory, Spearmint, Thyme. Apply 1 lb. to treat 1,100 to 1,750 sq. ft.

FOR CONTROL OF SNAILS & SLUGS AROUND PATIOS, PORCHES, PREMISE AND POOL AREAS

Snail & Slug LG Pelleted Bait attracts and kills snails and slugs. Sprinkle pellets on moist areas where these pests have been seen or their "shiny" trails (from the night before) are seen on the sidewalk or patio stones. Keep pets out of area while baiting and until pellets have expanded and disintegrated into the soil surface. Apply 1 pound of pellets to cover 1,750 sq. ft. (35 ft. x 50 ft. area). Repeat in 5 to 7 days or as needed for control.

DICHONDRA AND TURFGRASS LAWNS

Water infested area thoroughly before application. Broadcast SNAIL & SLUG LG Pelleted Bait directly on lawn or turf. Spread evenly. Apply 1 lb. to treat 1,100 to 1,750 sq. ft. Do not re-water for 48 hours.

USE AROUND FRUIT AND NUT TREES

Almonds, Apples, Apricots, Avocados, Bananas, Cherries, Citrus (Oranges, Lemons, Limes, Grapefruit, etc.), Grapes, Nectarines, Peaches, Pears, Pecans, Plums, Stone Fruits, Walnuts Broadcast liberally under trees, around irrigation pipes, farm buildings and any other place where slugs and snails may congregate. Apply 1 lb. to treat 1,100 to 1,750 sq. ft.

**TO PROTECT FLOWERS, FOLIAGE PLANTS
AND SEEDLINGS GROWING IN BENCHES OR
FLATS IN THE HOME GREENHOUSE,
LATHE HOUSE, OR COLD FRAME**

Orchids, Ornamental Flowering Plants
and Foliage Plants. Do not apply
directly to plants unless prior
experience has shown the plant to be
tolerant to this product. Most
plants are tolerant however some
slight tip burning has been noticed
on extremely tender orchids. One
pound will cover up to 1,100 sq. ft.
Do not re-water for 48 hours.

**FOR FLOWER, ORNAMENTAL AND
LANDSCAPE PLANTINGS -
ORNAMENTAL GARDENS,
PLANTED BORDERS AND
GROUND COVERS**

Including Azaleas, Begonias,
Camellias, Chrysanthemums, Daffodils,
Daisies, Geraniums, Honeysuckle,
Hydrangeas, Ice Plant, Impatiens,
Iris, Marigolds, Pansies, Petunias,
Rhododendron, Rose, Sweet Peas,
Snapdragons, Spathiphyllum, Tulips.
Snails and Slugs attack the tender
growing tips of plants, sometimes
eating holes in the new leaves which
are yet unfolded. When the leaves
expand and open, this feeding appears
as a "row of holes" in the leaf, all
in a line. This is a "sign" of Snail
or Slug damage. Water the infested
area thoroughly before application.
Broadcast or sprinkle Snail and Slug
LG Pelleted Bait evenly over the
infested areas and along edges of
flower beds adjacent to border or
ground cover plants. Also apply on
ground at base of fences and walls in
shady, protected locations. Apply 1
lb. to treat 1,100 to 1,750 sq. ft.
Do not re-water for 48 hours.

NET WEIGHT: 1, 2, 2½, 5, 10, 25 LBS.
