	TERM OF ISSUANCE <b>Conditional</b>	
	NAME OF PESTICIDE PRODUCT <b>Hi-Chlor</b>	

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Southwest Sanitary Distributing Co., Inc.  
 2901 Belmeade Drive  
 Carrollton, TX 75006

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit/cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
2. Make the labeling changes listed below before you release the product for shipment:
  - a. Add the phrase "EPA Registration No. 61409-2."
  - b. Delete the Environmental Hazards statement on the label, since this an indoor use product.
3. Submit one copy of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

ACCEPTED  
with COMMENTS  
In EPA Letter Dated:

FEB 1 5

Under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), Hi-Chlor Sink Sanitizer can be used in dairies, hospitals, breweries, food processing plants and restaurants. It is particularly effective on surfaces which contact food. It is recommended for use on hard (non-porous) surfaces or on dishes, glasses, food processing equipment or utensils including dairy and brewery equipment or utensils that need a strong sanitizer treatment with little or no cleaning action. This material is very effective on table tops, tanks, vats, floors, walls, dishes, glasses, metallic utensils, seats, counters, trash receptacles and equipment.

#### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Clean object to be sanitized with a suitable hard surface cleaner and rinse well with potable water. It may be necessary to remove gross filth and heavy soil from surface by pre-scrape, pre-flush and where necessary, a pre-soak treatment.

Dissolve 1 oz. of Hi-Chlor Sink Sanitizer per 10 gallons of water to give a solution containing 100 ppm available chlorine. Apply the sanitizing solution to the surface thoroughly. Let stand at least one minute. Drain and air dry.

The same solution may be used in the feed tanks of immersion or spray type machines providing at least one minute contact time to sanitize dishes, glasses, food processing equipment and utensils.

The sanitizing solution should be used promptly after mixing. It should be prepared daily or more often if it becomes dilute or soiled. If the solution is allowed to stand and/or continued use shows the level of chlorine has not been maintained, add more Hi-Chlor Sink Sanitizer to maintain a use solution of 100 ppm available chlorine.

For mechanical operations, the prepared and spent use solution may not be reused for sanitizing but may be used for other purposes such as cleaning.

#### MIXING INSTRUCTIONS

##### Sink Sanitizing:

1. Fill a clean sink compartment with 10 gallons of lukewarm water, 75° - 95° F (24° - 35° C).
2. Add one packet of sink sanitizer (1 ounce) into water.
3. Check concentration. (100ppm)

##### 5 Gallon Dispenser:

- Fill dispenser with fresh sanitizer solution drawn from sink compartment, or
1. Fill a 5 gallon dispenser with lukewarm water.
  2. Then add half packet (1/2 ounce) of sink sanitizer contents to dispenser.
  3. Check concentration. (100ppm)

##### Spray Bottles:

Fill spray bottle with fresh sanitizer solution drawn from sink compartment or from 5 gallon dispenser.

##### Pail (Wipe Cloths):

1. Fill pail with 2 1/2 gallons (9.46 Liters) of lukewarm water.
2. Add half packet of sink sanitizer.

#### PRECAUTIONARY Hazard to Human

HIGHLY CORROSIVE. CAUSES  
BURNS TO SKIN. IRRITATING  
SWALLOWED. WILL BURN  
EQUALLY TOXIC GASES.

Do not get in eyes, on skin or on  
rubber gloves when handling. Avoid  
with soap and water after handling  
before reuse.

#### ENVIRONMENTAL

This product is toxic to fish. Do not  
public waters unless in accordance  
the regional office of EPA.

#### PHYSICAL

STRONG OXIDIZING AGENT.  
CHLORINE AND EQUALLY TOXIC  
LIBERATES IRRITATING AND  
GASES. DECOMPOSES AT  
HARMFUL GASES.

Mix only with water. Use clean  
dispensing device containing reagent  
cause a violent reaction leading to  
organic matter, or other chemicals  
of heat, liberation of hazardous  
explosion.

IN CASE OF: FIRE, if possible  
area. Flood with large volume of water.

IN CASE OF: CONTAMINATION  
container.

#### STORAGE

Do Not Contaminate Water

Use or Disposal

STORAGE: Retie polyethylene liner  
closed. Store in a dry place. Do not  
container off wet floors. Do not  
disposal.

PESTICIDE DISPOSAL: Wastes  
damage and burns to skin and  
water and sanitizer wastes in a  
Improper disposal of excess pesti-  
Federal law. If these wastes can  
instructions, contact your State  
the Hazardous Waste representa-  
guidance

CONTAINER DISPOSAL: Completely  
and bottom to loosen clinging  
equipment. Then dispose of liner  
by State and Local authorities. Rinse  
in the same manner
