## SUPPLEMENTAL LABELING

### REMOVAL OF ROTATIONAL CROP RESTRICTION

Veterans-ILEX, Inc.  
633 Third Avenue  
New York, NY 10017

EPA Reg. No. 61451-1

#### Directions For Use

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

#### Important Reminders

Before using this product, read and carefully observe all applicable directions, restrictions, and precautions on the EPA registered label with the exception of the rotational crop restriction.

Read the "Warranty Statement" on the product label for the limitations of the registrants' warranty.

#### Rotational Crop Restriction Removal

The U.S. Environmental Protection Agency has accepted an amended registration which removes the rotational crop restriction from the TCIPN label. Therefore, the previously imposed restriction which prevented planting of certain rotational crops following harvest of treated crops is no longer required.

The rotational crop restriction is no longer applicable and the restriction is now **DELETED** from the TCIPN label.

This supplemental label and the Federal label must be in the possession of the user at time of pesticide application.
