Washington, DC 20036

Subject: Non-PRIA (Pesticide Registration Improvement Act) Labeling Amendment – Removing DEET-free from label.
Product Name: Australian Gold SPF 30 Continuous Spray Sunscreen with Insect Repellent
EPA Registration Number: 61617-2
Application Date: 09/23/2021
OPP Case Number: 00324049
OPP Submission Number: 1075552

Dear Mr. Reynolds:

The amended labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, is acceptable.

This approval does not affect any terms or conditions that were previously imposed on this registration. You continue to be subject to existing terms or conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. **You must submit one (1) copy of the final printed labeling before you release this product for shipment with the new labeling.** In accordance with 40 CFR § 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. “To distribute or sell” is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR § 152.3.

Should you wish to add/retain a reference to your company’s website on your label, then please be aware that the website becomes labeling under FIFRA and is subject to review by the U.S. Environmental Protection Agency (EPA). If the website is false or misleading, the product will be considered to be misbranded and sale or distribution of the product is unlawful under FIFRA section

12(a)(1)(E). 40 CFR § 156.10(a)(5) lists examples of statements the EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the EPA find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA-approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance Assurance.

Your release for shipment of this product constitutes acceptance of these terms. If these terms are not complied with, this registration will be subject to cancellation in accordance with FIFRA section 6.

If you have any questions, please contact Sydnie Hetzel by phone at (202) 566-1606 or via email at Hetzel.sydney@epa.gov.

Sincerely,

James Parker, Team Leader

(Note to Reviewer: *Storage & Disposal Language for continuous spray/BOV pressurized packaging.*)

PHYSICAL OR CHEMICAL HAZARDS: Extremely flammable. Contents under pressure. Keep away from fire, sparks, and heated surfaces. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

(Note to Reviewer: [bracketed text] is optional or alternate wording; (parenthetical text) is informational.)

[INSECT REPELLENT] DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Apply liberally and evenly over dry, exposed skin. Hold container 4 to 6 inches from the skin to apply. Do not apply in windy conditions. Use in well-ventilated area. Do not spray directly on face. Spray on palm of hand and apply to face. An adult must apply this product to children under 10. For continued protection from mosquitoes and deer ticks, reapply after 8 hours, and from biting flies, reapply after 5 hours. Do not exceed 7 applications per day for adults, 3 applications per day for children. Do not apply over cuts, wounds, or irritated skin. Do not apply to excessively sunburned skin. Do not apply to children's hands. Do not allow children to handle this product.

(Note to Reviewer: Storage & Disposal Language for pump spray packaging.)

STORAGE AND DISPOSAL

STORAGE: Store in a cool, dry area inaccessible to children.

DISPOSAL: Nonrefillable container. Do not reuse or refill this container. **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

(Note to Reviewer: Storage & Disposal Language for continuous spray/BOV packaging.)
