EPA Reg.

61671-2

Date of
Issuance:

NOV 18 2013

NOTICE OF PESTICIDE:

Registration
 Reregistration
(under FIFRA, as amended)

Terms of Issuance:
Unconditional

Name of Pesticide Product:

Para-Moth

Mann Lake, Ltd.
c/o
Lindsey Sorensen
Landis International, Inc.
3185 Madison Highway
Valdosta, GA 31603

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby reregistered under the Federal Insecticide, Fungicide and Rodenticide Act. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

EPA grants this reregistration under the authority of section 3(c)(5) of the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA). With this accepted labeling, all requirements set forth in the Reregistration Eligibility Decision for **Paradichlorobenzene** have been satisfied. Therefore, EPA reregisters the product listed above. This action is taken under the authority of section 4(g)(2)(c) of FIFRA, as amended. Reregistration under this section does not eliminate the need for continual reassessment of pesticides. EPA may require submission of data at any time to maintain the registration of your product.

Confidential Statement of Formula

The acceptable Confidential Statement of Formula (CSF) on record for this product is:

1 Basic CSF - dated 09/15/10

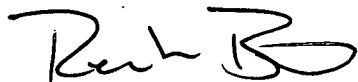

Any previously dated CSFs are superseded.

Existing Stocks Provisions

Stocks of product with existing labels may be used for 12 months. A copy of your label stamped "Accepted" is enclosed for your records. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions. If you have any questions regarding this label, please contact Gene Benbow at (703) 347-0235 or via email at benbow.gene@epa.gov.

ACCEPTED
NOV 18 2013
Under the Federal Insecticide,
Fungicide, and Rodenticide Act,
as amended, for the pesticide
Registered under
EPA Reg. No. 61671-2

USER SAFETY RECOMMENDATIONS

- Users should wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet.
- Users should remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.
- Users should remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS WARNING

Causes substantial but temporary eye injury. Do not get in eyes or on clothing. Wear goggles or face shield. Harmful if absorbed through skin. Avoid contact with skin. Harmful if swallowed. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

Personal Protective Equipment (PPE):

All applicators and other handlers must wear:

- Long sleeve shirt,
- Long pants,
- Shoes plus socks
- Protective eyewear such as goggles or face shield.

User Safety Requirements

Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry.

Discard clothing and other absorbent materials that have been drenched or heavily contaminated with this product's concentrate. Do not reuse them.

ENVIRONMENTAL HAZARD

This product is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Eliminations System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the Environmental Protection Agency.

PHYSICAL OR CHEMICAL HAZARD

COMBUSTIBLE. Do not use or store near heat or open flame.

NOTICE: California has determined that a chemical contained in this product causes cancer based on its tests performed on laboratory animals.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

IMPORTANT: This product can be harmful to children when ingested. Do not allow children to ingest the product. Do not place in areas accessible to children

GENERAL PRECAUTIONS: DO NOT USE FOR COMB HONEY, CUT COMB HONEY OR COMBS OF HONEY THAT HAVE NO BEEN EXTRACTED.

Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application

APPLICATION INSTRUCTIONS:

- To be used for empty extracted combs when in storage.

WAX MOTH CONTROL DIRECTIONS: Treatment with para-dichlorobenzene requires no special storage facilities.

DIRECTIONS FOR USE (continued)

Stack the supers-as tightly as possible and special precautions should be taken to see that the gas, which is heavier than air, cannot escape at the bottom of the stack. This can be accomplished by laying several layers of newspaper down prior to stacking the supers. For long periods of storage, as over winter, cover the cracks between supers with strips of tape. Use no more than 5 full-depth supers or 10 half-depth supers in a stack. Taller stacks may not allow for the complete diffusion of the heavy gas, especially during periods of low temperature. In each stack of supers place 3 oz. of crystals (6 tablespoons) on the top bars, preferably, separated from the frames by a piece of paper or cardboard. Place cover tightly in place. At intervals of 2 or 3 weeks raise the covers of the stacks and examine the top supers; if the crystals are no longer present, repeat application at rate as directed above. Para-dichlorobenzene kills adults and immature stages, but not eggs. The continuous presence of crystals within the stack not only repels moths, but also kills any young larvae that hatch after the combs are placed in storage.

• Stored combs that have been treated must be thoroughly aired first, otherwise bees will be killed.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

PESTICIDE STORAGE: Keep away from heat and flames. Store in a cool dry area under lock and key. Post as a pesticide storage area. Always store pesticides in the original container. Store away from food, pet food, feed, seed, fertilizers, and veterinary supplies. Place liquid formulations on lower shelves and dry formulations above.

PESTICIDE DISPOSAL: Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance.

CONTAINER HANDLING: Nonrefillable container. Do not reuse or refill this container. Completely empty container into application equipment by shaking and tapping sides and bottom to loosen clinging particles. Then offer for recycling if available or puncture and dispose of in a sanitary landfill, or by incineration, or by other procedures approved by state and local authorities.
