**Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.**

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7) (A) provided that you:

1. Submit and/or cite all data required for registration of your product under FIFRA Section 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for re-registration of your product under FIFRA section 4.
2. You must submit two copies of a final printed label within 45 days from the date of this notice which makes the following changes:
  - A. EPA registration number must read 62097-20.

1. On page 1, in the Hazards to Humans and Domestic Animals section, please add "or swallowed" to the end of first sentence, and delete the second sentence "Harmful if swallowed."

2. On page 2, in the Directions for Use section, change "USEPA" to read "US EPA."

3. The data submitted corresponding to the 830 Series Subgroup B (physical-chemical properties) are acceptable, except for 830.6313 (stability to normal and elevated temperatures, and metal and metal ions). As a condition of registration you must conduct this study following the guideline 830.6313. Few of the physical-chemical properties have been determined on PAI 99.9%) and a MP containing 750 g/L (66%) of AI. This study must be submitted to the Agency by January 15, 2009.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA Section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A copy of the label stamped "Accepted with comments" is enclosed for your records.
