

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Contents for use only in pressure-treating forest products. DO NOT attempt to use without reading items 3, 4 and 5 of the Mixing Procedure Section of the manual. To be used only in the pressure impregnation of forest products utilizing water solutions having concentrations ranging from 7 to 10.5 percent by weight. Impregnation procedures must rigidly adhere to the current specifications of Hickson Corporation and/or those of the American Wood-Preservers' Association.

Pressure treatment of forest products with DRICON® fire retardant provides wood with protection against termites and decay producing fungi. This product is toxic to termites of the Reticulitermes genus but etching of treated wood may occur.

STORAGE AND DISPOSAL

STORAGE: Store in a cool, dry place in closed original container.

PESTICIDE DISPOSAL: Do not contaminate water, food or feed by storage or disposal. Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Completely empty drum by shaking and tapping sides and bottom to loosen clinging particles. Empty residue into application equipment. Then dispose of drum in a sanitary landfill or by incineration if allowed by State and local authorities.

LIMIT OF WARRANTY AND LIABILITY

This company warrants that this material conforms to the chemical description on the label and is reasonably fit for the purposes referred to in the directions for use. This product is sold subject to the understanding that the buyer assumes all risks of use or handling of this material not in strict accordance with the directions given herewith which are beyond the control of the seller, such as, for example, incompatibility with other products and the manner of its use or application. NO OTHER EXPRESSED OR IMPLIED WARRANTY OF FITNESS OR MERCHANTABILITY IS MADE. The exclusive remedy of the buyer, and the limit of liability of this company or any other seller for any and all losses, injuries or damages resulting from the use or handling of this product shall be the purchase price paid by the user or buyer for the quantity of this product involved. The buyer and all users are deemed to have accepted these terms of this notice which may not be varied by any verbal or written agreement.

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS (AND DOMESTIC ANIMALS)

Avoid contact with eyes, skin and clothing.
Avoid breathing of dust.
Wash thoroughly after handling.

Good industrial hygiene practices, such as eye protection from dust, general or local exhaust ventilating, use of a full face respirator, where needed, and washing the hands with soap and water before eating or smoking, should be followed. Protective equipment, such as coveralls or aprons and gloves, to prevent contamination of clothing and skin contact is recommended.

Use with adequate ventilation.

FIRST AID: In case of eye contact. Immediately flush eyes with plenty of water for at least 15 minutes. Seek medical attention.

In case of skin contact, flush skin with water.

If swallowed, call a physician or Poison Control Center. Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. Do not induce vomiting or give anything by mouth to an unconscious person.

If inhaled and breathing is difficult, move to fresh air.

ENVIRONMENTAL HAZARDS

This product is toxic to fish and wildlife. Keep out of any body of water. Do not contaminate water by cleaning of equipment or disposal of wastes.

Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

IN CASE OF SPILL: Shovel or sweep material into container for reuse or disposal in accordance with applicable laws.
