

Ms. Freda Griffis
Hickson Corporation
3941 Bonsal Road
Conley, GA 30027

SEP 13 1996

Dear Ms. Griffis:

Subject: Wolmanac Concentrate 60%
EPA Reg. No. 62190-14
Your Submissions of September 11, 1996

The amendments referred to above, submitted in connection with registration under section 3(c)(7)(A) for the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA) are acceptable provided that you:

1. Submit/cite all data required for registration and reregistration of your product under section 3(c)(5) or 4(a) when the Agency requires all registrants of similar products to submit such data.

2. Revise the first sentence under Pesticide Disposal in the Storage and Disposal section of the label to read "Pesticide wastes are acutely hazardous." This change may be made at the next label printing.

3. Note that the statement "Do not induce vomiting." under First Aid is acceptable.

4. Submit five (5) copies of your final printed labeling before you release the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the products bearing the amended labeling constitutes acceptance of these conditions.

Stamped copies of the labels are included for your records.

Sincerely yours,

Connie B. Welch
Product Manager (21)
Fungicide-Herbicide Branch
Registration Division (7505C)

HICKSON

Wolmanac Concentrate 60%

For Industrial Use Only
KEEP OUT OF REACH OF CHILDREN

DANGER

POISON

Fatal if swallowed, absorbed through the skin, or the mist breathed in. Causes severe burns to the eyes and skin.

DIRECTIONS:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Contents for use only in pressure treating forest products. Cannot be used in concentrated form. Do Not attempt to use without reading the manual and having the necessary safety equipment. To be used only in pressure impregnation of forest products utilizing water solutions having concentrations ranging from 0.5 percent to 10.0 percent by weight. Impregnation procedures must rigidly adhere to the current specifications by Hickson Corporation and/or those of the American Wood Preservers Association.

Pressure treatment of forest products with time-tested Wolmanac preservative provides wood in all its forms with "built-in" protection against termites, ascomycetes, white rot, brown rot, and dry rot.

INGREDIENTS:

Active Ingredients:

Chromic Acid (CrO3)	28.50%
Cupric Oxide (CuO)	11.10%
Arsenic Pentoxide (As2O5)	20.40%
Inert Ingredients - Water	40.00%
Total	100.00%

Arsenic content is 13.30% as elementary As.
