FOR MEDICAL EMERGENCIES: 1-800-837-0496

Outside USA: 404-616-9000

NET CONTENTS: 100 pounds To be used only with Arch BA and water to formulate treating solutions of Arch Wood Shield.

ONS FOR USE: It is a violation of Federal Law to use this product in a mariner inconsistent with its labeling. Contents for use only in pressuretreating wood products. To be used only in vacuum pressure impregnation of wood products utilizing water solutions and Arch BA having concentrations of Arch BA and BX ranging from 1.5 percent to 3.0 percent by weight. Impregnation procedures must rigidly adhere to the current specifications of Arch Wood Protection and/or the American Wood Preservers' Association.

Processes used to apply Arch BX formulations shall leave no visible surface deposits on the wood. Visible surface deposits means a surface residue or crystallization on the treated wood. Small isolated or infrequent spots of chemical on otherwise clean wood shall be allowed.

Pressure treatment of wood products with this borax wood preservative provides wood with protection against termites, ascomycotina, white rot, brown rot and dry rot.

WARRANTY: We warrant this material to comply with our published specifications and to be of good merchantable quality and such as will regularly pass in the trade for goods within the description, and further warrant it to be fit for the normal purposes for which such goods are used. We assume no responsibility that this material is fit for any particular purpose outside of the general purposes of goods of the description.

Manufactured for Arch Wood Protection, Smyrna, GA 30027 ACEAN 24-hr, Erng. Resp. 800-654-6911

Establishment No.: 62190-GA-001
