PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Keep out of reach of children. Do not spray directly on humans, exposed food or food utensils. Should accidental skin contact occur, precautionary washing is recommended. Remove or cover fish tanks before spraying.

PHYSICAL OR CHEMICAL HAZARDS

HIGHLY FLAMMABLE. Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Do not use this product in or on electrical equipment due to the possibility of shock hazard.

Care should be taken not to spray delicate fabrics or furnishings and plastic surfaces without prior testing.

DIRECTIONS FOR USE

It is a violation of Federal law to apply this product in a manner inconsistent with its labeling.

STORAGE AND DISPOSAL

STORAGE: Store unused product in a cool area out of reach of children and animals.

DISPOSAL: Replace cap and discard container in trash. Do not incinerate or puncture.

WARNING: INTENTIONAL MISUSE BY DELIBERATELY CONCENTRATING AND INHALING CONTENTS CAN BE HARMFUL OR FATAL.

Mortein
FAST KNOCKDOWN
is a multipurpose spray. Use it for direct kill or as a barrier spray for flying and crawling insects. A technically advanced insecticide that kills flying insects, such as flies and mosquitoes, fast and effectively. When sprayed on surfaces it has the added benefit of killing insects that walk across it for up to 15 days.

DIRECTIONS FOR USE
1. To Kill Flying Insects
Close windows and doors and spray high into the air for 4-5 seconds. For rapid action spray directly at insect.
2. To Kill Crawling Insects
Spray directly onto insects and into hiding places, for fast effective results.
3. 15-Day Residual Killing Action Against Flying Insects
Hold container 30cm from surface. Spray into areas where flies and mosquitoes breed. Flies are normally attracted to light sources (e.g. window sills, doors, light fixtures - switch off light before spraying). Mosquitoes can usually be found on dark, rough-textured surfaces.

4. 15-Day Residual Killing Action Against Crawling Insects
Hold container 30cm from surface (cracks, skirting boards, around pipes, under refrigerators and sinks) Spray until surface is wet.
Clear insects from room with a 4-5 second spray.
Kill insects on contact with a 4-5 second spray.
